Calera Garden Club Sponsors Study In Landscaping

The Calera Garden Club is sponsoring a special class in landscaping and home improvement. We have secured the help of Mr. M. Thornton, vocational agriculture teacher of Montevallo.

The class meeting will be one hour and much follow-up work will be done to see that we get to do some of the things we study.

The Vocational Agriculture Department will furnish information to help solve some of the problems concerning home improvement and landscaping.

The following schedule will be carried out:

October 23, Selection of Plant Materials. (Will plan tour to a nursery.)

November 13, Transplanting Shrubs and Trees.

November 27, Cultivating, Fertilizing and Care of Shrubs and Trees.

December 11, Pruning and Training Plants, Plant Propagation.

December 18 night meeting. Summary, husband night and other men attending class.

January 2, Control of insects and diseases of shrubs.

February 2, General improvement around the home.

March 2, growing flowers.

April 2, care and maintenance of lawns.

May 2, general summary of future plans.

Be sure to join us at 3:15 p.m. October 23 at the Town Hall.

The three projects now being planned are beautifying the Town Hall, both Methodist and Baptist churches.

Howard College Extension Course

The Howard College extension course which is being offered in Shelby County on each Thursday night meets in the Columbiana Baptist Church at 7:00 p.m.

Brother Clarence Klinkscale, of Wilsonville, is director. Brother Edward Glover, of Montevallo, teaches the book of The Acts. Brother J. E. Franks, of Columbiana, teaches missions in the Bible. To all Sunday School teachers these courses would be most helpful.

The Calera Home Demonstration Club held its regular monthly meeting last Friday at 2:00 p.m. in the new city hall. Mary Childress and Mrs. M. W. Jacks were hostesses. Twenty-four ladies attended. Mrs. W. B. Blevins gave a demonstration on "Making Plastic Articles."

CALERA BAPTIST CHURCH
Sunday School, 10:00 a.m.
Morning Worship, 11:00 a.m.
Training Union, 6:00 p.m.
Evening Worship, 7:30 p.m.
Prayer Meeting, Wednesday evening, 7:00 o'clock. Study the 15th Chapter of John.

The pastor will be out of town Sunday. One of the students from Howard College will preach for us at the 11:00 o'clock service. Rev. B. B. Curry will preach at the evening service.

JOE ANGLIN, Pastor

Baptist Bake Sale

The ladies of the Baptist Church will conduct a sale of cakes, pies and candy each Saturday in the lobby of the Wade Hotel.

CALERA SCHOOL NOTICE

The Calera School will have election of school trustees November 13. All patrons of the school are urged to attend and take part in the election.

The meeting will open promptly at 6:30 p.m. with a covered dish supper. — Mrs. Harry Anderson, P.T.A. President.

Calera Will Have Guard Armory

Sponsored by the Central Alabama Civitan Club, Calera is to get a \$375,000 National Guard Armory, the 657th Transportation Truck Co., with Mr. E. B. Nickerson as commander of the local unit.

Temporary headquarters office is located in the Calera High School. To the young men in the county who are interested enlistment may be made at the Calera High School. This unit was organized in July 1951.

Rep. Karl Harrison Will Direct Bond Campaign

Gov. Gordon Persons said that Rep. Karl Harrison of Shelby County will lead the administration's drive for passage of the proposed \$25,000,000 Alabama road bond issue in the December 11 election.

Persons said Harrison will head a state-wide committee in the campaign. A group which will include business and civic leaders. Organizations supporting the drive will be set up in each of the 67 counties, he added.

The governor also will participate "vigorously" in the campaign.

Persons said "all but five or six" of Alabama's 141 legislators already have pledged to work for ratification of the \$25,000,000 bond proposal which would be used to match another \$25,000,000 in federal road funds.

The governor also said he had received assurances of support from several city, county, and state organizations, and municipal and county leaders.

M. Thornton On Advisory Commission

M. Thornton, teacher of vocational agriculture, has been approved as one of the 14 members of the Advisory Commission on teacher education for the state superintendent and state board of education.

Thirty four were enrolled in the adult evening class which will meet each Tuesday evening at 7:00 o'clock at the vocational building. Others interested in discussing community and farm problems are invited to attend.

The county-wide meeting of Shelby teachers will be held at Montevallo High School November the first.

Nineteen members are enrolled in an adult class which meets at Calera Town Hall every Tuesday at 3:15 p.m. The next meeting is October 23 and the general theme of the class meetings is "Home Improvement."

Mrs. Janie Wade and Mrs. Fannie Orr spent last Sunday in Birmingham with Mrs. W. F. Freeman.

Our Present Street Paving Program Continues The Progress Of Calera

We Present to You "The Calera Herald"

This is a prospectus of *The Calera Herald*, a community newspaper which will be published each week, beginning November 16, 1951.

We have acquired by purchase the printing plant formerly owned by Mr. Kyle. It has been moved and set up for operation in the building next to the L. & N. railroad crossing. The paper will be published at this location in connection with the operation of the printing business.

Our office is now open, in charge of Mrs. Marion Jones, and we are prepared to produce your orders for printing of any form. Our telephone number is 8731.

We are ready to accept subscriptions for *The Herald*. The price is \$2.00 a year and \$1.00 for six months.

We establish this newspaper in response to the expressed desire of many citizens of the community for such a medium. It is our purpose to take our place among you as an institution of service to you. We deeply appreciate the cordial welcome that has been given us. We expect to show you that *The Herald* deserves your further support and confidence.

Ladies Night At Civitan Club October 22

The Central Alabama Civitan Club of Calera will have their regular meeting and ladies night with speakers, Mr. Eugene B. Spense and Mr. Roland Courtney, of the Southern Railway Co., Mr. Neely Henry, of the Alabama Power Co., and Mr. S. C. Stutts, of the Southern Bell Telephone Co.. Monday night October 22, 1951 at 7:00 o'clock.

The purpose of the meeting is industrial development in Calera.

Lt. Gov. J. W. Graham, of Alabama and West Florida District, will initiate the following new members in Central Alabama Civitan Club: Marvin Smith, J. S. Yerby, J. Dalton Presley, C. D. Gibbons, James G. Marquess, and J. C. Rowe.

Officers of the Club are: William N. Miner, President; Carl A. Hokanson, Secretary-Treasurer.

Calera VFW Post Special Meeting

The special public meeting of the Crawford-West Post 4921, Veterans of Foreign Wars of U. S. slated for Tuesday, October 23 at 7:30 p.m. in the Calera Town Hall will be open to the ladies as well as men according to Lewis R. Nail.

"With the works of enemy-isms everywhere it is important that we all learn everything possible about recognizing their efforts here at home that we may be able to combat it on the local level," says Nail.

Department officers of the V.F.W. will be present for the occasion which will mark the official opening of the 1952 membership drive of the local post, and the election of officers for the coming term.

Former members and all eligible overseas veterans are particularly urged to attend this meeting.

School Trustees To Be Elected

By an act of the recent Legislature the law relating to school trustees was amended limiting their term to four years and providing for the filling of vacancies without calling new elections.

Because of the fact several communities have vacancies on their local trustee boards and in order to set up a uniform date at which time trustees will be selected the Shelby County Board of Education has set Tuesday, November 13 as the date for the patrons of each school to nominate six persons, three of whom will be selected by the Board of Education to serve as school trustees for the next four years.

In the event a vacancy occurs during the four years term it will be filled from the remaining names on file in the office of the Board of Education.

The principal in each school will be furnished with information and it will be his responsibility to arrange for this meeting.

Trustees now serving will be eligible for a new four year term.

W. W. ELLIOTT

Superintendent of Education

THE CALERA HIGH SCHOOL

The Calera High School senior class had the election of officers for 1951-52, as follows:

President, Billy Lucas; Vice-President, Eleanor Crim; Secretary-Treasurer, Patsy Eden; Flower, Sweet Pea; Motto, "The road of toil leads to the city of success"; Colors, blue and white.

Prayer service will be Wednesday evening, and immediately following prayer service will be choir practice. Everyone is invited.

GEORGE E. PHARR, Pastor

The progress of Calera continues apace as is evidenced by the present street paving program. Several blocks of streets in both the business and residential sections of town will be completed with hard surface in about two weeks.

An interview with Mayor R. E. Bowdon, Jr., reveals the interesting information that several other important improvements are planned and will be consummated in a short while. Among these things he mentions the following:

A white-way to be installed on the main street, beginning at the Southern Railway crossing and extending south through the business section and to a point below the high school. Lights also will be placed on the corner at the city hall and at the corner of the churches.

The two tennis courts at the school will be completed with a black-top hard surface.

A new modern fire truck has been ordered for the city to be delivered in December.

New diesel road machines have been bought for building and upkeep of the streets.

Plans are being considered and made for lighting the athletic field at the high school.

"There are some other developments and improvements in the making," said Mayor Bowdon, "which will be made known later."

Mayor Bowdon and the present Town Council composed of J. W. Anderson, C. D. Cowart, N. K. Blankenship, J. L. Hill, and R. L. Holcombe, have been in charge of Calera's municipal government for about three years.

"We are proud of the things we have been able to accomplish for our Town and community," said Mayor Bowdon, whereupon he proceeded to mention some of them:

Placing trash baskets on the streets in the business section; daily cleaning of the streets; installation of two street traffic lights at important intersections, and a blinker light at the railroad crossing; over two miles of new streets opened and improved; stocking the town's lake with fish.

Here Mayor Bowdon paused, swelled up his chest expansively, and said, "Now I want to be sure to get into this interview something about our natural gas system and city hall."

Indeed, we agree with the mayor that these two things stand out as major accomplishments. The city hall is a beautiful building which accommodates the various offices of the municipal government and provides a delightful community center for many activities.

The natural gas system brings to the people of the community a great domestic and commercial convenience. Furthermore it stands as a big advantage for the community in securing the location of industry in this vicinity.

Methodist-Rummage Sale

The ladies of the Methodist Church will hold a rummage sale each Saturday in the building across the street from the post office.

Mrs. W. B. Ozley, of Weedowee, was in town Monday visiting relatives and friends.

MONTGOMERY, ALA.—John L. Goodwyn, 48, right, attorney and former Montgomery mayor, is administered the oath of office by Chief Justice J. Ed Livingston, left, which makes Goodwyn a member of the Alabama Supreme Court. Goodwyn, who has served as legal adviser for Gov. Gordon Persons since January, is a University of Alabama graduate and served with the 31st (Dixie) Division Alabama-Mississippi National Guard during World War II. He was discharged as a colonel. Goodwyn fills the vacancy left when Persons named Livingston chief justice, to succeed retired Justice Lucien D. Gardner, in February. Goodwyn, the son of the late Mr. and Mrs. Robert T. Goodwyn, is married and has a son and a daughter. He also has three brothers and three sisters.

Time To Mail Gift Packages

The period October 15 to November 15 has again been designated for mailing Christmas parcels to members of our armed forces serving outside the continental United States.

It is expected that many Christmas parcels will be sent this year by persons in this country to their loved ones serving overseas. But those who would send such packages through the mail have more to do than just pack up anything in any sort of way and put it in the mails.

The post office department has issued to all postmasters full and complete instructions about what may be accepted for mailing overseas and how it must be packed.

Therefore, it is a good idea to discuss the matter with your postmaster first and find out how you should proceed. He will be glad to give you the necessary information so that you may be assured that your package gets to its far-away destination in good condition.

One of this nation's major worries is, who's going to test our cigarettes if all our doctors are drafted?

News Notes From Thompson High

Henry W. Peete, a member of the mathematics department here has been selected by the State Department of Education to serve on the visiting committee for evaluative criteria at John Carroll High School, Birmingham, the week of March 26.

Mr. R. C. McCully, principal of B. B. Comer High School, Sylacauga, will speak at the October 15 P.T.A. meeting here at 7:30 at the "Y". He will speak on "What Southern Accredited Association will mean to our School."

The Rev. Melvin Butler will give the devotional.

Miss Iris Kirkpatrick, speech teacher here, will be a member of the Visiting Committee at the Benjamin Russel High School in Alexander City during the week of November 12-16 while that school is being evaluated.

New Hope in Madison County was originally incorporated as Vienna, but the U. S. Post Office Department rejected the name and called it New Hope, and New Hope it has remained.

Flower Show Is On November 3-4

A big event in the flower world is coming South this year. The National Chrysanthemum Society Show will be held in Birmingham, on November 3-4, at the Tutwiler Hotel.

This will be the first time that this national show has been held any place other than in the Botanical Gardens, New York. Alabama, and in fact, the entire South is being honored with this event.

Chrysanthemums will be shipped in from all sections of the country and this will afford an opportunity

for flower lovers to view this "Queen of the Autumn Season" at its best, and to compare the locally grown flowers with those from other sections. Blooms are being flown in from as far as California.

The show will be open to the public from 2:30 to 9:00 p.m., Saturday, November 3, and from 1:30 to 9:00 p.m., Sunday November 4.

Everyone who wishes may enter blooms in the show, regardless of whether they are members of any garden club. Entries must be made between the hours of 7:00 a.m. and 10:30 a.m. Saturday, November 3.

There will be an admission fee of 60c for adults and 10c for children.

Another Step Forward In the Progress of Calera

We are glad to welcome the publication of THE CALERA HERALD, a home newspaper which is committed to service toward the advancement of the civic interests of our community. We regard it as another step forward in our town's progress.

We urge the citizens and business institutions of Calera to make full use of our newspaper and help to make it a medium that will be truly representative of our efforts to make Calera a better place in which to live and enjoy the fruits of our labors toward the better things of life, both spiritually and materially.

Although Jefferson Davis was inaugurated president of the Confederacy Feb. 18, 1861, he and his family did not move into the First White House of the Confederacy until May 4, the same day that the first secessionist flag was flung to the breeze on Capitol Hill. The flag was raised by Letitia Tyler, a granddaughter of John Tyler, ex-president of the United States.

The Amphitheatre in Gadsden was begun in 1934 as a work relief project. It was completed in 1936. The Amphitheatre is built entirely from native sandstone from Lookout Mountain. The work was done by unskilled laborers who got stone-mason training on the job. The structure follows the plan of the ancient Greek theatre of Dionysius and seats 1,700.

Welfare Payments Will Average \$22.99 A Month

Montgomery, Ala. — The State Welfare Board has approved an operating budget of \$34, 555, 095 for the Alabama Department of Public Welfare for the 1951-52 fiscal year.

Commissioner Bill Dorrough pointed out that of the total, \$24, 644, 372.22 will be federal funds, and \$9, 910, 723.51 state money.

This budget as approved by the board included absolute appropriations to the welfare department for 1951-52 and balances remaining from 1950-51. Not budgeted was the \$468,711.20, conditional appropriation for old-age assistance.

Dorrough said this budget represented an increase of \$1,222,112 over estimated expenditures for the current fiscal year. It is estimated that the agency will have spent \$33, 329, 983.41 for the year ending September 30, 1951. The proposed budget will care for an average of 112,444 cases monthly during the year, Dorrough said. Payments would average \$23.11 per case per month. The average for the current year was 110,258 cases per month, with average payments of \$22.99.

In its session, the board selected former State Senator Oliver Young, Vernon, as vice-chairman. Other board members are Gov.

Gordon Persons, ex-officio chairman; Mrs. J. S. Tilley, Montgomery; Ben Tucker, Clanton; Mrs. Mildred White Wallace, of Columbiana; Tom Blake Howle, Oxford, and Dr. J. J. Walls, Alexander City.

Uncle Sam Says

The opening of a new year is the time to take stock on what your future is going to be—the time to take a two-way look at your life. You know what has happened through the years past, but how about 10 years from now—January 1, 1961. Will you be the one person in four who will enjoy the freedom and financial independence that only cash savings can guarantee? The opportunity to take advantage of that guarantee is yours. Mrs. Marjorie Simpson is Teacher-Sponsor for both Senior A and Senior B 4-H clubs.

Welfare Cases To Be Screened

Montgomery, Ala. — State Welfare Commissioner Bill Dorrough said that county welfare departments are now required to find out if persons receiving or applying for welfare aid have relatives who can support them.

The relatives' responsibility act defines legally responsible relatives as husband, wife, parents or children. The law sets a scale beginning at \$200 monthly for a single person and varying upward according to the number dependent on the income. The welfare department is required to find out if applicants or recipients of assistance have legally responsible relatives and the income of these relatives. Half of the relative's income over the amount in the scale and up to \$50 must be considered available to the needy person.

Dr. Dorrough said it would take considerable time before the present cases could all be reviewed to find out if aid had to be reduced or denied because of legally responsible relatives who could provide support. County departments are now beginning to review cases and are clearing with relatives of all applicants. Both the needy person and the relative have access to the court if they feel there is undue hardship because of the law.

Dr. Dorrough concluded by pointing out that the welfare department has no authority to force support, but is required by law to deny or reduce aid payments when relatives meet the definition in the law of being able to support.

Sewing Projects Of Camp Branch Club

Attention! Homemaker, if you are having trouble with your sewing, may we refer you to Camp Branch 4-H club. This club under the supervision of teacher-sponsor Mrs. Wilson Durden and Mrs. Gertrude Cobb, is doing a splendid job of sewing. Twenty-three have enrolled this year and each member has selected sewing as their project.

During the summer twelve girls completed their projects. Pat Arnold made a skirt, apron, shoebag, laundry bag, and sewing box. She also has completed her caning project. Linnie Green, who was a second year 4-H'er, made aprons, skirts and laundry bags. Eva McQueen worked very hard completing first year requirements. Her accomplishments included 4 potholders, 4 dish towels, 1 apron, 1 sewing bag, and 1 skirt. Jane Mooney made an apron, 3 potholders, and 2 dish towels.

Melba Moore selected both personal improvement and sewing. After completing her personal improvement project, she made 1 apron, 1 shoebag and 1 skirt. Della Smith completed her second year project. Betty June Stamps completed her sewing project by making 1 apron, 4 potholders, 1 sewing bag, and 3 dish towels. Mary Stamps made 1 skirt, 4 potholders, 1 apron, 1 sewing bag, 3 dish towels.

Yards and sewing projects were selected by Dorothy Templin. The yards project included, leveling yards, removing tin cans, and preventing erosion. In sewing, she made 1 skirt, 1 laundry bag, and 1 apron. Myra Vanderslice combined yards and sewing. She planted flowers after cleaning her yards. In sewing she made a skirt, 4 potholders, 4 dish towels, 1 laundry bag.

Elizabeth Whittington wanted to remodel her room and complete her sewing project at the same time, so, she made shades, closet curtains, rugs, laundry bag, 2 aprons and a skirt. Marie Wooten completed first year sewing by making an apron, 4 potholders, 5 dish towels, and a sewing bag.

This year Camp Branch 4-H club has a goal of all girls completing their sewing projects before school closes.

Home Club Members Meet At Calera

Home Demonstration Club members will go to Calera this year for their annual Achievement Day program. This meeting will begin with luncheon at 11 o'clock on Thursday, October 18.

Mrs. Lillie M. Alexander, State Home Demonstration Agent, will speak on "Defense Activities." Mrs. Joe Hodges will summarize the outstanding achievement from each of the 27 clubs. Mrs. J. Frank Baker is program chairman and will direct group singing with Mrs. Herbert Poole at the piano. Mrs. George Howell will give the devotional. Mrs. Nina Kent will give the president's message. County Agent A. A. Lauderdale will present the award to the high scoring club. Mrs. J. M. Denson and Mrs. J. G. Lacey are in charge of luncheon arrangements. Special entertainment will also be featured.

Catherine Bailey Maid Of Cotton

Birmingham, Ala.—Miss Catherine Bailey, of Calhoun County, is Alabama's 1952 Maid of Cotton.

The lovely daughter of Mr. and Mrs. Robert Bailey, of Anniston, succeeded Miss Ann Adams, of Tuscaloosa. She was selected from among 59 candidates from 57 counties and two colleges.

Miss Gwen Harmon, of Jefferson County, was named alternate maid. Miss Harmon is the daughter of Mr. and Mrs. O. C. Harmon, of Shades Valley.

The National contest will be held in Memphis early in 1952 and Miss Bailey will compete there against girls from all cotton growing states.

Fire Prevention and Civil Defense Go Hand in Hand

Fire prevention is an important part of civil defense. If an enemy attacks this country, his bombs, whether they be atomic, high explosive, or incendiary, will cause more damage by fire than they will by blast. Hence, anything done to make it hard for fires to start is a step towards preparing your community to protect itself if war comes.

The majority of all fires start in chimneys. Others are caused by trashpiles, rubbish, or stored odds and ends that accumulate around the house. Closets, attics, and cellars are the main source of home fires, and plain ordinary good housekeeping is a strong line of defense against them.

Clean out your storage places. You will be surprised at how many burnable odds and ends are really useless to you. Don't let them make your home a fire hazard. Get rid of them. If local welfare agencies can't use them, call the junk man.

Don't stop when you've cleared out the inside of your house. Go after rubbish in your back yard, in alleys and in vacant lots near your home. Collect the rubbish and burn it. Don't leave it around to burn if an enemy bombs your city. Be sure to burn rubbish in metal containers.

Take a look at your electrical system. Buy new plugs and cords if yours are worn. Get advice from an electrician if your fuses blow frequently. They may be dangerously overloaded. His advice may prevent a bad fire.

Every winter costly fires are started by faulty furnaces, stoves, and other heating plants. Some result from too much soot in

chimneys. Others are caused by rusted or cracked pipes and fittings. Look over your heating system now. If your chimney needs it, clean it out. If the furnace pipes and connections are cracked and rusted, replace them.

Teach your family not to put magazines, papers, or clothing on radiators or near open flames. Don't hang flimsy curtains near your kitchen stove. Don't allow lamp shades to come in contact with light bulbs. Remember that such things don't have to touch flame to burn. They will catch fire simply because they are too close to the heat for too long.

Gasoline, benzine, naphtha, and similar fluids should never be used indoors. When mixed with air, their vapors can be ignited by the spark of a light switch or an electric fan, or the tiny flame of a pilot light. Keep such fluids in tightly closed metal containers outside your home.

And remember: oil-soaked rags, especially rags that have been used to spread quick-drying liquids such as turpentine, paint thinners, and some furniture polishes, can catch fire by themselves. Oily rags should be stored in air-tight metal containers. It is best to keep them outside the house.

Farm Bureau Annual Meeting At Biloxi, Miss.

Montgomery — Necessity for thorough discussion of many important issues facing the nation's farmers, together with a program that will include several nationally known figures, will draw hundreds of farmers and rural homemakers to Biloxi, Miss., November 5-7 for the annual convention of the Alabama Farm Bureau Federation and Alabama Council of Home Demonstration Clubs.

It will be the Farm Bureau's 30th meeting since representatives from scattered areas got together at Auburn in 1921 to form the federation that rapidly grew until strong units were established in all 67 counties. The Home Demonstration Club council, not officially connected with but closely related to the Farm Bureau, will be meeting for the 24th year.

Heading the speaking program at joint sessions of the two big groups will be Sen. Robert Taft, Ohio republican leader, and Sen. John Sparkman, Alabama democrat and United Nations delegate. Representing the Farm Bureau's national organization will be O. D. Brissenden, director of organization for the Illinois Agricultural Association, and Mrs. Charles N. DeShazo, of Pauls Cross Roads, Va., secretary of the Associated

Women of the American Farm Bureau Federation.

With agriculture bearing such a great responsibility in the present period of international tension, much interest is being shown in the forthcoming convention, said Federation President Walter L. Randolph. Mrs. J. Frank Baker, of Montevallo, is president of the Home Demonstration Council, and the presidents of the two farm youth groups, Bobby Bridgeman, Eclectic, 4-H Club leader, and Joe Broadwater, Tanner, head of the Future Farmers, also will participate in the program.

The convention will be followed November 7-12 by the state-wide Farm Bureau membership drive.

Shelby Reports Eight TB Cases

The 199 tuberculosis cases reported in August from the entire state included 8 reported from Shelby County. The announcement was made by the State Department of Health.

Cases were reported in August from 51 counties. The 14 counties

reporting five or more each were as follows:

Lee and Morgan, five each; Calhoun, Cullman, Madison, Talladega and Tuscaloosa, six each; Dallas and Shelby, eight each; Lauderdale, nine; Jefferson and Montgomery, 12 each; Russell, 16; Mobile, 19.

Many girls are like cigarets, not very satisfying until they are lit.

On February 17, 1885, for the purpose of making needed enlargement to the capitol and to furnish the same, an appropriation of \$25,000 was made. For this comparatively small sum, as measured by the present day standards, the rear extension or eastern wing of the building was constructed. The addition is 50 feet wide and 75 feet long and consists of three floors and a basement.

Find Out How To Send Gift Packages Overseas

Shelby countians this week received their yearly caution from the United States Department of Commerce not to send gift packages abroad without first familiarizing themselves with the regulations of other countries on the importation of such goods.

The warning came as residents of the county began looking around for Christmas gifts for relatives and friends abroad.

According to Merrill C. Lofton, Commerce Department regional director in Atlanta, just about every country in the world has some kind of regulation on the importation of goods, whether it be Christmas gifts or commercial shipments.

For example, gift packages sent to the Netherlands must not contain more than 1,000 cigarettes. In shipping to Italy, if you label your package "pacco familiare gratuito" it will go duty-free and without the necessity of obtaining an import license. Customs duties and taxes are levied on all articles sent as gifts to the Soviet zone of Germany and Soviet sector of Berlin.

"Hundrers of residents in the Southeast including, no doubt, many in Shelby county will be shipping packages abroad again this Christmas, and it would be advisable for them first to get in touch with the nearest field office of the U. S. Department of Commerce and ask for regulations covering the shipment of gift packages to those countries. Otherwise, their packages may be held up."

Mr. and Mrs. McDonough and Mrs. Patterson McMahan attended the Grand Chapter Order of the Eastern Star in Montgomery last Tuesday.

Mrs. P. P. Poundstone and daughter, Melissa, of Montgomery, Mrs. William Forrest and son, Billy, of Johnston, S. C., were weekend guests of Mr. and Mrs. Carl Hokanson.

Mr. and Mrs. Clarence Snoddy, of Tullahoma, Tenn., Mr. and Mrs. R. V. Lawrence, of Birmingham, Mr. and Mrs. Harry Nash, of Florence, were Sunday guests of Mr. and Mrs. A. E. Norwood.

Mr. and Mrs. E. R. Woods, of Birmingham, were visiting relatives and friends here Sunday.

Miss Lucy Norwood is visiting her sister, Mrs. Frank McGreggor, in Birmingham.

Mr. and Mrs. Donald L. Comer and son, Dewey, of Birmingham, spent Sunday with Mrs. Marion Jones.

Mr. John Edwards, of Trussville, spent the weekend with his parents, Mr. and Mrs. J. R. Edwards.

A Sunday School clinic will be held at the Siluria Baptist Church for five nights beginning October 22 at 7:00 o'clock. All newly elected officers and teachers are urged to attend. Teachers have been secured for all departments.

The Methodist W.S.C.S. held their regular business meeting at the church last Monday. Mrs. Fred Sims, president, was in charge.

The next meeting will be held at the home of Mrs. Z. S. Cowart, Sr., October 29.

The Home Demonstration county achievement day was held October 18, at the Calera High School.

The meeting opened at 11:00 a.m. with lunch in the basement of the Methodist Church. Miss Marion Cotney was in charge of the business meeting and a program.

Mrs. Harry Anderson attended the hair dresser's beauty show last Sunday at the Thomas Jefferson Hotel in Birmingham.

PTA County Council Organized

The P.T.A. County Council was reorganized recently at Columbiana High School. New officers elected were:

Mrs. Harry Anderson, Calera, President; Mrs. Z. S. Cowart, Jr., Calera, Vice-President; Mrs. Lewis Brasher, Shelby, Secretary; Mrs. R. M. Denney, Vincent, Treasurer.

All officers attended the fifth District meeting on October 9, at Howard College, Birmingham.

A school of instruction is being planned to be held at an early date, to be announced later.

Mrs. D. D. Bruce, District First Vice-President, will conduct the school.

The first man-made inland waterway constructed in Alabama was a canal built in 1820 which connected the Big Spring at Huntsville with Indian Creek. With the raising of the water in the creek, wooden locks and dams were built. For many years cotton products from the vicinity around Huntsville were floated down Indian Creek to the Tennessee River. Once down the Tennessee the goods passed down the Ohio and Mississippi River to Natchez or New Orleans.

The New Look At Camp Branch

"Better Public Relations" is the theme of Camp Branch School this year with special emphasis on school and home visitations. The teachers have made forty-one home visits to date. Several parents have visited the school and more are expected in the coming weeks.

The classrooms have been improved by the addition of bookcases which were built and painted by the fifth and sixth grade pupils. Flowers and potted plants have been donated by the parents and pupils to add to the attractiveness of the rooms.

The P.T.A. has as its theme for the year, "Laying Firm Foundations" and the project is "Playground Equipment". Be on the look-out for a new look on our playgrounds in the near future.

Our big event of the year will be celebrated Wednesday night, October 31, in the form of a Halloween Carnival. Everyone has a very special invitation to come and enjoy an evening of fun and fellowship.

Mrs. D. L. Roberts is visiting her daughters, in Birmingham, this week.

Calera V. F. W. Public Meeting November 8

The Crawford-West Post 4921, Veterans of Foreign Wars, will hold a public meeting in the Calera City Hall, Thursday night, November 8. Department Chaplain Joe Young, of Birmingham, will address the group on the 1952 program of the 52 year old veterans organization.

Plans are being coordinated now in the more than 10,000 local posts located in the 48 states, District of Columbia, France, Hawaii, Alaska, The Canal Zone, Puerto Rico, and Japan, to combat Communism and other subversive elements on the local levels.

The Calera Post was first organized, March 8, 1946 and has since drawn a large membership of World War I and II overseas veterans from the surrounding area including Montevallo and other towns. The post meets each second and fourth Thursday nights at 7:30 o'clock. During a recent meeting, the post heard a talk on Communism and how to recognize its local efforts by the department extension director.

Mrs. Dick Martin visited her sister, Mrs. Homer Walton, in Columbiana, last Wednesday.

Ladies Night at the Civitan Club in Calera was held on Monday, October 22, with a sumptuous get-together at the banquet room of the Town Hall.

In addition to featuring the attendance of the ladies, this meeting was arranged to emphasize the efforts of the club as an agency to promote the bringing of industry to Calera.

Opening the meeting was the invocation by Rev. George Pharr. Pete Hill led the group in singing "America."

Cecil Cowart gave a talk on the history of Calera and the developments which have been made in recent years.

Mr. Eugene D. Spence, of Meridian, Miss., general industrial agent of the Southern Railway, was the speaker for the occasion. Discussing the possible advantages of Calera as an industrial location, Mr. Spence declared, "you must determine what Calera has to sell—and sell it." His address was highly inspirational.

Among the guests besides Mr. Spence were Mr. R. E. Courtney and Mr. V. E. Williams, also of the Southern Railway; Mr. J. W. Mitchell, of Southern Bell Telephone Co.; Mr. M. S. McGehee, of Alabama Power Co.; and W. M. Wyatt, Mayor of Montevallo.

Another featured guest was Mr. J. W. Graham, Lt.-Governor of Civitan. As a part of the program of the Ladies Night, Mr. Graham initiated two new members into Civitan. They were Mr. C. D. Gibbons and Mr. J. C. Rowe.

The delightful dinner for the occasion was prepared and served by the ladies of the Methodist Church. Club president, W. M. Miner, was master of ceremonies.

State Chamber Of Commerce Will Hold Annual Meeting In Montgomery Nov. 15

GWILYM A. PRICE

CLEM D. JOHNSTON

Montgomery — Two of the nation's outstanding business leaders will be the principal speakers at the 14th annual meeting of the Alabama State Chamber of Commerce in Montgomery November 15, James L. Rankin, president, Decatur, said today.

Gwilym A. Price, president, Westinghouse Electric Corp., Pittsburgh, Pa., will be the main speaker at the annual dinner the night of November 15, in Montgomery's Whitley Hotel. Price has been president of Westinghouse since 1945, and is a former president of the American Bankers Association.

This will be Price's first visit to Alabama since Westinghouse started construction of a plant in Reform and started expansion plans of their facilities in Birmingham, Rankin said. It will also be one of the first public speeches by Westinghouse's president since the national expansion program of the company was announced recently.

Luncheon speaker will be Clem D. Johnston, president, Roanoke Public Warehouse, Roanoke, Va. Johnston is a former vice-president of the Chamber of Commerce of the United States and is presently a member of the Board of Directors of the national chamber. He is the founder of the Roanoke Warehouse and is a past president of the American Warehousemen's Association, and is a past president of the Roanoke Chamber of Commerce.

His subject will be "Pathways To Progress".

As usual, Rankin continued, the State Chamber meeting will be a one day affair with a morning session, the luncheon, a business meeting in the afternoon, and a reception will immediately precede the dinner that night.

Speakers during the morning meeting, which will be open to members and friends in the Jefferson Davis Hotel, will include: Alvin A. Burger, Research Director, Council of State Chamber of Commerce, Washington, D. C.; Lieut. Gov. James B. Allen, Gadsden; Alvin W. Vogtlo, Jr., Birmingham; and President Rankin.

You May Enter Whaley's Contest By December 1

More than 25 entries in the \$2,000,000 Crosley "American Way of Life" contest have been received by Whaley Furniture Co. R. E. Whaley has announced.

Mr. Whaley said that entries can still be made, with the deadline set for December 1, 1951.

Contestants are eligible for both a \$300 Crosley merchandise certificate to be given away by Whaley Furniture Co., and for one of the 1,001 national awards to be made by the Crosley Division, Avco Manufacturing Corporation.

To enter both the local and national contests, it is necessary to write, in 50 words or less "What the 'American Way of Life' Means to Me" and answer 10 simple true or false questions. Entry blanks may be obtained, without obligation, at Whaley Furniture Co., R. E. Whaley said.

The first national prize will be \$10,000 in cash. The next ten winners will each receive \$1,000 in cash. Crosley merchandise certificates will then be awarded as follows: next 15 prizes, each \$500; next 50 prizes, each \$300; next 100 prizes, each \$150; next 100 prizes, each \$100; next 250 prizes, each \$50; next 375 prizes, each \$25.

Winner of the \$300 merchandise certificate to be given by Whaley Furniture Co. will be selected by W. M. Wyatt, Miss Vinnie Lee Walker, and Mr. Ralph Sears serving as judges.

Mr. Whaley also said his store will give \$100 in cash to the church or recognized charity selected by the local winner, and that a representative of the chosen church or charity will be invited to attend the ceremonies to receive the contribution from the winner. The public will be invited to this event.

Cadet Carnival At Craig Air Base

Craig Air Force Base—At Craig Air Force Base erection of the midway for the Cadet Carnival coming November 9-10 is steaming full speed ahead, but one unlucky cadet is going to have a wet time of it.

Along with the typical carnival attractions, the cadets are building a concession where you step up and for a small price toss baseballs at a bullseye which, when hit, dumps a sitter into a barrel of water. This is a fine thing except for the cadet who is roosting up there, and is plunged up to his neck into the water when the bullseye is hit. Unless he is part fish, its going to be monotonous, and unless there are a lot of week armed baseball tossers in these parts, its going to get mighty tiresome crawling back up.

But its all a good cause, the cadets say, since the purpose of the Cadet Carnival, which is open to the general public, is to raise funds for furnishing their Cadet Club. And the "fish" will have the sympathy of all the cadets on the base. Right now, however, the cadets are wondering among themselves just who will be selected for the job.

Now Washington is getting so it can laugh at itself, according to the Associated Press. On The Farms Of Shelby County

Monday, October 8, we found C. R. Nash spreading about 800 pounds per acre of basic slag over his fine reseeding crimson clover.

Mr. Nash has about six acres of Ky. 31 fescue with large white clover. "I used less than two pounds of clover and fifteen pounds of fescue per acre and cul-tipacked it in getting a fine stand. On my bottom clover field I added more clover and ten pounds of ryegrass. I am spreading all chicken and cattle manure back on my fields," remarked Mr. Nash.

In 1943 he had 8 people on the farm depending on row crops, with only three cows and one heifer. Now he has no cotton but 8 head of cattle. Mr. Nash now can attend to the whole farm with little outside labor.

At present the Nashes handle two hundred and fifty hens, and plan to double that next year.

With home produced feed and

pastures they can produce more net income with less labor. Their chickens, hogs and cattle with two horses, all can utilize the grazing planned in their new conservation farm plan. The presence of Ky 31 fescue as well as button clover indicate Mr. Nash's willingness to take advantage of suggestions he receives as a cooperator of the North Central Soil Conservation District. His success indicates the soundness of his planning.

A Shortage Of Toys For Christmas

There may be a shortage of toys this year in Calera.

According to Melvin Freud, president of Toy Guidance Council and one of the county's top toy authorities, accelerated defense production is taking more and more of the metal, rubber and in some cases plastic and better grades of wood necessary for quality toy production.

Freud advises parents to buy early this Christmas to insure themselves of the best play equipment for their children.

"Once stores run out of the toys they have on hand," said Freud, "it will be extremely difficult to secure additional stocks."

Despite this ominous warning, The Toy Yearbook, called by experts "The Social Register of Playland," and published by Toy Guidance Council, shows a wider variety of fine playthings than ever before.

The Toy Yearbook features the 200 examples of American-made toys voted outstanding each year, and more than 3,000,000 copies will be distributed by Toy Guidance Council to approved stores from coast to coast before Christmas. Freud states that toys shown in The Yearbook will naturally be in greater demand than others, and therefore, likely to be in short supply before the end of November.

In order to be named for The Yearbook, toys must meet safety and durability standards established by child training authorities. Each of the accepted toys appears in true color with complete description and approximate retail price. Each toy also is classified according to age suitability and functional purpose in aiding a child's mental, physical, social or vocational development.

Toy Guidance Council, Inc., with national headquarters in New York, is now in its 13th year of operation. The Council's major objective is to guide parents to a wiser selection of functional play equipment. Commencing November 5th, copies of The Toy Yearbook may be obtained without charge from Todd's 5c-10c-\$1.00 Store, Main Street, Calera.

County 4-H Club Council Held

15 4-H boys along with 4 adult leaders and parents from the following schools attended the first County 4-H Club Council meeting held last Saturday at Shelby County High School in Columbiana: Calera, Chelsea, Columbiana, Camp Branch, Thompson, and Vincent.

Adult leader-sponsors attending the boy's planning sessions were: Mrs. A. D. Glover, Mt. Era, Mrs. Margie Davis, Calera, Mrs. Herbert Poole, Paramount, and Mrs. P. G. Sailors, Pelham.

Boys present included: Reginal Kendrick, Donald Bradley, Samuel Adams, Chelsea; Gene Causey, Harold Davenport, Al Causey, Thompson; Tim Ross, Kenneth Glover, Lyle Roach, Jackie Wells, Donald Ray Whitefield, Camp Branch; Ashley Jeter, Jr., Montevallo; Joe Tidmore, Johnny Sims, Joe Mooney, Columbiana; and one unrecorded member from Vincent.

Elected president of the County Council for the ensuing year was Ashley Jeter, Jr., Montevallo Rt. 1. This boy has been to Auburn as a State 4-H delegate in 1950, was chosen to go back in 1951 as an outstanding older club member, reports G. C. Moore, Jr., Assistant County Agent, has carried projects in dairying and other things and is expected to be a good leader for the 4-H council for this year. He is a boy who stays with it and is always a booster for making the best better.

Mrs. Howard Cook gave her mother, Mrs. George Epperson, of Siluria, a surprise birthday dinner at her home October 21.

Schools To Get Free Declaration Of Independence

The schools in Shelby County are going to receive a free copy of the Declaration of Independence for each classroom.

A handsomely mounted replica of this famous instrument of American Liberty is being sent out from Defense Bond headquarters in Birmingham.

This was announced by Ed Leigh McMillan, State Defense Bond Chairman.

The replicas were made possible by the generosity of Golden Flake Potato Chip Company, of Birmingham, and bear the following imprint: Buy United States Defense

Bonds and Stamps.

"It is highly fitting in this great time of danger that every Alabamian and every American be reminded of the great principles set forth in the Declaration of Independence for which our fathers fought and died," Mr. McMillan pointed out.

90% For! 10% Against

Railroad workers are represented by 23 standard unions. By mutual agreement, 20 of these unions—comprising about 1,200,000 men, or more than 90%—are working under wages and rules agreed to by them and the railroads. But leaders of three unions—with only about 130,000 men, or less than 10%—still refuse, after more than a year of negotiations, to accept similar wage and rules agreements. These are even more favorable than the terms recommended by the Emergency Board appointed by the President.

Yes, it certainly seems to be finally about time that the leaders of the three unions stop their delaying tactics—their quibbling. But the leaders of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors continue to refuse. They continue a course of dillying and dallying. It is definitely time to

END THIS QUIBBLING!

On June 15, 1950, an Emergency Board appointed by the President under the terms of the Railway Labor Act—an Act largely fathered by the unions themselves—made its recommendations on certain wage and working conditions ("rules" in railroad language) which had been in dispute between employees and the railroads.

More Than 90% of Employees Accept

Since then, terms equal to or better than the Board recommendations have been accepted by about 1,200,000 railroad employees—more than 90% of the total of all workers. They are represented by 20 of the 23 standard railroad unions.

Less Than 10% Refuse

But three unions—with about 130,000 men, or less than 10% of the total—have refused to accept, even after months of negotiations. These three unions are the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors. These are three of the so-called "operating" unions. Already the highest paid men in the industry, their leaders demand still further advantages over other workers.

In all, there are about 270,000 operating employees. But not all of them, by any means, are represented by BLE, BLF&E, or ORC. As a matter of fact, less than half—132,000 to be exact—are in these three unions. More than half—about 140,000—are in other unions, principally the Brotherhood of Railroad Trainmen. What makes the whole situation so hard to understand is that these 140,000 operating employees are working under wages and rules which the leaders of the other 130,000 say they cannot agree to.

What Do the Railroads Offer?

They offer these three unions the same settlement which was contained in a Memorandum of Agreement signed at the White House on December 21, 1950, by four brotherhoods and the railroads. Later these brotherhoods sought to repudiate this agreement. But on May 25, 1951, the Brotherhood of Railroad Trainmen signed a complete agreement carrying out the

principles of the Memorandum Agreement of December 21. They have been working under this agreement since May 25.

What About Wages?

Under the terms of the agreement, yard engineers, firemen and conductors would now be receiving a wage increase of \$.34 an hour (\$2.72 a day) and road engineers, firemen and conductors would now be receiving an increase of 19½ cents an hour (\$1.56 per day). Large sums of retroactive pay have already accrued and if the agreement is carried out, will be paid promptly.

What About "Cost of Living" Increases?

The White House Agreement includes an "escalator" clause under which wages will be geared to changes in the Government's cost-of-living index. Two such increases—April and July, 1951—have already been paid to the 90% of railroad employees covered by signed agreements.

What About the 40-Hour Week?

The White House Agreement calls for the establishment of the 40-hour week in principle, for employees in yard service. The employees can have it any time after January 1, 1952, provided the manpower situation is such that the railroads can get enough men to perform the work with reasonable regularity at straight time rates. If the parties do not agree on the question of availability of manpower, the White House Agreement provides arbitration by a referee appointed by the President.

What Else Do the Union Leaders Demand?

The continued quibbling of the leaders of the three unions has to do principally with

rules changes, which have already been agreed to by the Brotherhood of Railroad Trainmen. Of these, the principal one seems to be that having to do with so-called "interdivisional service"—runs which take in two or more seniority districts.

The union leaders would bar progress and efficiency in the industry, and better service to the public, by maintaining a situation where they can arbitrarily stop a railroad from establishing such interdivisional runs. The carriers propose that if a railroad wishes to set up an interdivisional run, the railroad and the unions should try to agree on such run and the conditions which should surround its establishment, and if the railroad and the unions can't agree, the matter will be submitted to arbitration.

But the three union leaders still refuse.

Rules Can Be Arbitrated

The railroads have not only offered these three unions the same rules agreed to by the BRT and covered by the White House Agreement, but have even agreed to submit such rules to arbitration.

The Industry Pattern Is Fixed

With the pattern so firmly established in the railroad industry, it seems fair to suggest that the leaders of BLE, BLF&E, and ORC stop their quibbling and take action to make the railroad labor picture 100% complete. Certainly today's economic and international situation calls for a united front. And certainly no good reason has been advanced why these three unions should be preferred over all other railroad employees.

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

Mrs. New Died At Age Of 84

Mrs. W. D. New, age 84, passed away Wednesday afternoon, October 31, at the home of her daughter, Mrs. R. L. Veazey, of Twin Oaks, Siluria.

Mrs. New was a resident of Shelby County for twenty-six years. She was a faithful member of the Methodist Church for over fifty years and was a member of Calera Methodist Church at the time of her death. She attended church services regularly as long as her health permitted. Although she was ill for more than two years, she never complained and when asked how she felt, her answer was, "Alright". She loved her family and friends and was always willing to help those in need or sorrow.

Mrs. New will be missed by her many friends as they view her empty chair in the corner of the store at Twin Oaks where she so often sat and worked. Her hands were never idle as long as she was able to work.

Mrs. New is survived by one daughter, Mrs. Veazey, three grandsons, B. C., William, and John Eddins, a great granddaughter, Mary Evelyn Eddins, a son-in-law, R. L. Veazey, and three grand daughters-in-law, Elsa, Frances, and Jane Eddins.

Funeral services were conducted in Calera Methodist Church Friday afternoon, November 2, by Rev. George Pharr and Rev. B. F. Miller. Nephews served as pallbearers with interment in Elmwood Cemetery.

Mr. and Mrs. Bill Minor and son spent several days last week at Flat Rock, with Mrs. Minor's parents, Mr. and Mrs. C. L. Houser.

Would you share your home with a child like these pictured here? Could you give that child the care he needs for a few weeks or months, or maybe longer, and then give him up again to his family or to adoptive parents?

Mrs. Nell Fulton, County Director of Public Welfare, is asking you these questions. Here is why. If these children had needed immediate care in Shelby County, Mrs. Fulton would not have known what to do. Where would she take them?

You see, these little girls did come to the attention of another welfare department not long ago. The director had to find a home that would care for them right away—and until other plans could be made. Each child needed immediately, loving care and understanding—a temporary home. Fortunately, in that county, there was a licensed boarding home.

The director took the children there. It is just an average family home with one difference—the parents are sharing it with children not their own. This home meets the standards set by the State Welfare Board. The boarding parents have a license to care for unrelated children. The license was free—but it is evidence that the family could and would give care to children boarded there.

But in Shelby County, the only licensed homes can care for no more children. Mrs. Fulton believes there are families here who will share their home. The department can pay nominal board and provide medical care. But it cannot license boarding homes until people "open their doors" to children temporarily without a home of their own. Won't you come to the welfare office or call phone 4761 and find out more about this program?

Shelby Reported, 11 Cancer Cases

Montgomery—Shelby County reported 11 cancer cases in September. The announcement was made today by the State Department of Health.

The announcement pointed out that cases were reported during that 30-day period from 65 of the state's 67 counties. Those not reporting cases were Conecuh and Limestone. The state total was 436.

Mrs. Ann Culver left last Monday for Biloxi, Miss. where she is attending the Farm Bureau Convention. She, being a winner in a recent County Dress Review, was awarded the trip.

Hunters Find Human Bones

Clanton, Nov. 4 — A bag filled with human bones was found by squirrel hunters in a densely wooded area near Macedonia this afternoon, Sheriff Luther Kendrick reported.

Kendrick and Chilton County Coroner Leroy Martin inspected the remains but said they were unable to say about the race, or whether they were of a man or woman.

The hunters found the bones in a gully about half a mile east of the line separating Bibb and Chilton Counties, he said.

A representative from the state toxicologist's office at Auburn has been called in to investigate.

Siluria F H A Held Initiation

The Siluria Chapter of Future Farmers of America held initiation of forty new members this week. This brings the chapter's total membership to sixty-five, a new high for the chapter.

The initiation lasted for a period of three days, during which the new greenhands wore overalls and straw hats representing the traditional dress of a farmer. Each greenhand wore a Future Farmer key on which he was required to have the signatures of the old members and faculty of Thompson High School.

Formal initiation was held at the Siluria, "Y" on Thursday night. Parents, old members, and some of the Thompson faculty attended the ceremony, which was followed by a joint F.H.A. and F.F.A. social.

Howard Hill Is Visiting Home At Wilsonville

(By Kate H. Benson)

Howard Hill, a native of Shelby County, and a veteran in archery, is visiting home folks here this week. His home town is Wilsonville.

For several weeks he has been making personal appearances with his latest and most colossal technicolor picture "Tembo". The name Tembo is the African word for elephant. The elephant was shot by Howard in the jungles of Africa, after the natives identified him as a murderer of people and that no man had been able to kill.

Howard killed this and many other animals including a man eating crocodile with direct hits from a bow and with an arrow made by Howard himself.

He always makes his own!

The expedition left New Orleans in 1950 with a mere handful of men mostly photographers and one Baptist missionary, Howard Bigelow, and his wife, the former Elizabeth Hodges, of Ashville, who was once a teacher in Shelby County High School at Columbiana.

There were Fords, Jeeps and trucks carried along to make the fifty or sixty thousand mile trip into the interior of Africa.

A python snake was shot by an arrow as he spied it entwining a member of his party. The only leopard he saw he killed instantly.

The picture is not only beautiful in technicolor but is breathtaking and very educational. It's a clean and exciting picture, and is recommended for all school children.

One small boy spoke from a front seat, in a theatre in Texas, to tell Howard, on the stage, that he was sitting through the picture for the sixth time in a row.

One interesting and noted person, Dr. Trout, a medical missionary who has given thirty-two years of his life to the natives in Africa, aided the work of Howard's undertaking by selecting Christian natives to appear in scenes of "Tembo".

The most valuable assistant in this picture and all his other undertakings has been his Great Protector. No meal is eaten, nor any other fun or work is performed by him without prayer first.

Howard and Elizabeth are both devoted Christians and are members of the Baptist Church, near their home in Pasonna, Calif.

Howard Hughes, head of R.K.O. Movies Inc., is releasing "Tembo" which will come to Birmingham soon. There too, Howard Hill will make personal appearances.

This week is R. A. Focus Week at the Montevallo Baptist Church. The Royal Ambassadors are a fine group of young boys under the leadership of Mr. Tamp Eddings, who is doing a fine job with them. All during this week the attention of the entire church is focused on them and they will receive public recognition at the 11 o'clock service Sunday.

Dr. and Mrs. Niles are visiting his home in Mississippi, this week. His brother, whom he has not seen for a year, is home for a short time, after which he will be sent overseas.

Rev. M. L. Triplett attended a Mission Board Meeting in Birmingham, Monday.

Master Sergeant, Houston G. Adams, returned from Korea last week, where he has served for nine months. In celebrating his safe return, the family enjoyed a family reunion over the week-end.

Mrs. Fred Frost, Sr. and Mrs. Lena Duran visited relatives and friends in Columbiana last Friday.

Mrs. A. L. Garrett, of Midway, Alabama, was the week-end guest of her daughter, Mrs. Jadie A. Brown, Jr.

The Fall Mission Study of the Woman's Society of Christian Service was held in the ladies parlor of the Methodist Church, Thursday at 8 p.m. Miss Ethel Marshall, of Alabama College, is teaching the course. The text for this study is "We Americans, North and South" by George P. Howard. If you are interested in a study into the life and conditions of our Latin American neighbors, you are cordially invited to come to these class studies. Classes will be held on November 8, 13, 15, and 19 at 8 o'clock.

Hot Weather is not Cause Of Insomnia, Experts Say

With hot weather ahead of us many people are already beginning to blame their sleepless nights on the humidity and the heat. Although this can contribute to sleeplessness, it is not the cause.

That aged-old villain, insomnia, thrives on people who have too many worries and fears. It is the daytime problems that creep into the bedroom that drive away sleep.

The best way, naturally, to woo sleep is to have a comfortable bed. A completely level mattress and spring with the degree of resiliency suited to the individual is a natural sleep-inducer. One can assume any number of different positions on well-constructed bedding so that each part of his body has a chance to rest.

A popular and effective way of luring sleep is the trick of making oneself relax by de-kinking nerves and muscles or by diverting the thoughts that will not give in to sleep.

Reading an absorbing or humorous book will also change one's train of thought and allow sleep to come more easily. A hobby, visiting with friends, or taking a short walk also relaxes these nerves and muscles and brings sleep within easy reach.

A recent survey in the United States showed that "very happy" people are bothered less with insomnia than are people who are bogged down with worries and fears.

Uncle Sam Says

Of course you know your ABC's but do you know your D's and E's? Under present world conditions, D standing for defense and E standing for Series E Defense Bonds are inseparable. By buying Defense Bonds regularly you help build the nation's economic strength that backs up our defense effort. At the same time you are helping yourself. Every Series E Bond you own automatically goes on earning interest every year for 20 years from date of purchase instead of 10 years as before. This means that the bond you bought for \$18.75 can return you not just \$25 but as much as \$33.33. A \$37.50 bond pays \$66.66. And so on.

Baldwin County Speckled Trout Rodeo Nov. 15-24

The residents of South Baldwin County, down on Alabama's Gulf of Mexico coastline are anxiously awaiting the opening of Baldwin County's Third Annual Speckled Trout Rodeo scheduled for November 15 through 24.

Anglers from 16 states attended this event last year, and judging by the elaborate plans now in the final stages this 10-day sporting event which offers \$4,000 worth of prizes would be quite a fisherman's vacation.

The rodeo, sponsored by the Gulf Shores Lions Club, is conducted so as not to give the local fellows with a lot of know-how in fishing those waters an advantage. Baldwin residents will be allowed to compete only against Baldwin residents, and out-of-county residents are to compete with each other.

Prizes are awarded each day for the largest (by length) fish caught. Four winners each day receive a cottage for one week at South Baldwin Gulf of Mexico Resort and rods and reels. Outboard motors are awarded for the largest fish caught during the rodeo and the grand prize is a 14 foot boat complete with 7.5 hp outboard motor.

The contests open at 5 a.m. November 15 and ends at 2 p.m. November 24. Headquarters for the event will be the club house of the Lions Club, on the Intra-Coastal Canal, where closing festivities, including a fish fry, are to be held November 24.

Tickets for the rodeo and full information are now available at contest headquarters, at business houses throughout South Baldwin and at the South Baldwin Chamber of Commerce at Foley.

Ralph Sears Talks To Rotary

Mr. Ralph Sears, head of the radio department at Alabama College, spoke to the Montevallo Rotary Club at their regular meeting last week. Mr. Sears had as his subject "Television" and used diagrams to explain the operation of television, including color television.

Negro Commits Suicide Monday

A. C. Brantley, an Almont negro, committed suicide Monday night at the home of his son, A. C. Brantley, Jr., who lives on the Dogwood Road. The elder Brantley, who was about 66 years old, had a disagreement with a Negro woman in Almont earlier Monday night, and fired on a taxi in which the woman was riding with a shotgun. According to Deputy Sheriff George Harrison and Montevallo Police Chief, H. G. Kendrick, who investigated the incident, Brantley shot himself with his shotgun in front of his son's home at 10:30.

Charles Theodore Mohr, in his Monumental work "Plant Life of Alabama", issued by the Geological Survey of Alabama in 1901, lists approximately 1,500 species of lichens, fungi, and algal and 275 varieties of ferns, mosses, and liverworts. Ferns are especially numerous in the rugged northern section of the State and the wooded portions of the Coosa Valley.

One of the new books issued recently is The Damned Missouri Valley. No matter how it may sound, this is not another one of those Republican broadsides.

What Is The Farm BUREAU?

Together
we face the future
with confidence in

Farm Bureau

THE FARM BUREAU is a voluntary membership organization of farm families who seek to accomplish through organization the things they can not do individually.

Through the FARM BUREAU farm people pool their influence for the good of agriculture and the general welfare.

THE FARM BUREAU is the farmer's lobby in Montgomery and Washington. *Fortune Magazine*, in its June, 1944, issue stated:

"The farmer has learned that to be strong in Washington, he needs more than a good cause. He also needs a good lobby. The American Farm Bureau Federation is the best lobby he ever had, and probably the best lobby in the business."

Only 18 per cent of the United States population is farmers. It is going to be hard to preserve price supports. It is going to be hard to maintain a long-range farm program that will stabilize agriculture and save it from the ups and downs it has suffered for so long. The situation calls for strength and unity. It calls for a STRONG FARM BUREAU.

For 30 years Farm Bureau has worked for better living on farms through parity and price supports . . . Education and Health . . . Rural electrification and telephones.

Rural America has kept pace with the nation's progress through movements and legislation made possible only through organized effort . . . Farm Bureau is truly the VOICE OF THE FARM FAMILY.

Some State Legislative Accomplishments in 1951

OBJECTIVES of the FARM BUREAU

1. A Community Farm Bureau in every rural community in Alabama.
2. A National Farm Program to place farmers on a parity with

National Legislative Accomplishments in 1951

1. Prevented second and third roll-back in beef ceiling prices. Prevented lowering ceiling prices on other farm commodities.
2. Eliminated livestock slaughter quotas.
3. Maintained price support program.
4. Obtained an appropriation to start research toward eradication of screw worms.
5. Obtained fairer share of National peanut acreage allotment for Alabama.
6. Helped secure reasonable appropriations for agricultural research, education, and services to farmers, including soil building practice assistance.
7. Supported the School Lunch, Hill-Burton Hospital, TVA, Rural Electrification and Rural Telephone programs.
8. Urged 5-point program to bolster price of cotton:
(a) Increasing exports by use of Export-Import Bank Loans and Marshall Plan (ECA Funds),
(b) Early buying by the Military Department,
(c) Elimination of export quotas, (d) Stockpiling by the Government for national defense, and (e) Use of cotton loan for more orderly marketing.
9. Prevented unjust taxation of Farmer Cooperatives.

16. Experiments and demonstrations pertaining to highway shoulders by agreement between director of Alabama Highway Department and Alabama Experiment Station.

17. Improved Rural Telephone Act.

18. Maintained and improved administration of law providing refund of State tax on gasoline used in tractors on farms.

19. Prevented passage of law to repeal exemptions from sales tax of farm products, seeds, baby chicks, and fertilizers.

INSURANCE PROTECTION

The Farm Bureau in Alabama has provided a far reaching insurance program for Farm Bureau members only. This program is saving Farm Bureau members far more than their dues. It provides Life, Fire, Automobile, and Hospital and Medical insurance to Farm Bureau members at cost.

If you use these insurance services they will pay you back many times the amount of your dues.

You must belong to the Farm Bureau in order to enjoy the insurance benefits.

Chelsea School News

A Halloween Party was enjoyed by many students and parents Wednesday night, October 31. Sandra Lennyson and Ronnie Chesser reigned as Queen and King.

Our school has a very active P.T.A. A meeting is held the first Monday of every month. The P.T.A. is very interested in helping to improve our school. They have bought venetian blinds for five rooms and a wine velvet curtain for the auditorium stage. Other plans are being made for future improvements.

An extension class is being held here each Monday afternoon. Eight of the Chelsea teachers have enrolled. Dr. Orr from Montevallo is the instructor.

Our school is very fortunate to have Mr. Holliman as director of the music department. He is planning a Variety Night November 30 at 7:30. Included on the program will be songs by individuals as well as by various groups. Several piano solos will be rendered which vary in type from Mozart and Beethoven to modern popular melodies.

Those participating range in age from 6 to 17 years old and include several guest artists.

Our faculty has chosen "Perfect Attendance" and "Better Bus and Lunch-room Manners" as their theme. Many home visits have been made and more are planned.

The following students were perfect in attendance during September and October:

Domestic Workers Covered By Social Security

Most maids, cooks gardeners, and other domestic workers are now covered by social security, according to M. C. Folmar, manager of the Birmingham Social Security Field Office.

"Domestic workers who work for the same employer on at least 24 different days receive \$50.00 or more cash wages during a calendar quarter are covered by social security", Mr. Folmar said.

A domestic worker who meets the 24 days-\$50.00 test must have a social security account number card in order to receive credit for her wages. An employee who has never had a card should apply for one at the nearest social security office. "If a worker has a number, no matter how long ago she got that number, it is still good. If she has lost her card she should ask for a duplicate card bearing her old number," Mr. Folmar said.

Housewives need a tax return to report the worker's earnings. All tax returns must show the employee's social security account number in order for the worker to receive credit for her wages. The tax returns can be secured from the collector of internal revenue in Birmingham.

The worker who does not now have a social security card, or needs a card showing her new name, should contact the social security representative who is at the Employment Office in Calera every Thursday at 9:30 a.m. Application forms may also be secured from Post Offices.

Special Gifts For March Of Dimes

Dr. James L. Brakefield

New York, Nov. 7—Dr. James L. Brakefield, director of Public Relations of the Liberty National Life Insurance Company, of Birmingham, has been appointed chairman of the special gifts committee of the 1952 March of Dimes in Alabama, it was announced today by Basil O'Connor, president of the National Foundation for Infantile Paralysis.

Dr. Brakefield is an author, lecturer, teacher and business man. In 1949 he became educational director of the Family Reserve Insurance Company and served in that capacity until the firm was absorbed by Liberty National Life Insurance Company.

The new special chairman of the March of Dimes is a native of Alabama. He received his formal education at Union University in Tennessee, Baylor University in Texas and the University of California. After serving some twenty years as a college professor, he enlisted for Army duty in World War II. At the end of hostilities, Dr. Brakefield entered Chamber of Commerce work.

Pfc. Albert B. Caton, who is now serving with the Fifth Air Force in Korea, was recently awarded two battle stars.

Birmingham Plans Big Celebration On Armistice Day

All roads in Alabama will lead to Birmingham, Saturday and Sunday, November 10 and 11, when the city again observes National Armistice Day.

The Birmingham observance, already recognized by the Pentagon as America's Number one Armistice Day program, is expected to attract new record crowds from all parts of Alabama.

Plans for the two-day program have been whipped into final shape by Raymond Weeks, director, and Judge Talbot Ellis, associate director.

The celebration gets underway at 2:30 p.m. Saturday when a gigantic parade winds its way through the downtown district. Hundreds of planes, including jets and propeller planes, will furnish the greatest overhead air cover for the parade that Birmingham has ever seen. The Pentagon itself has authorized Air Force bases throughout the Southern states to cooperate with the Armistice Day committee to the fullest extent. Thousands will march in the parade, designed to show America's strength and preparedness to resist aggression anywhere in the world.

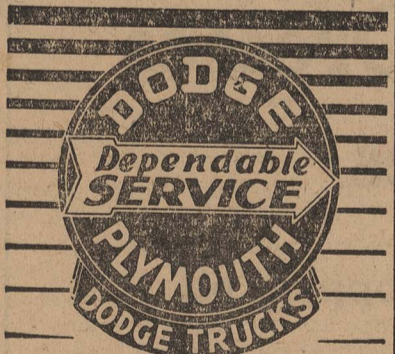

The annual Jefferson County championship high school football game will start in Legion Field Stadium at 7 p.m. Saturday. This game is an annual highlight of the city's Armistice Day program.

Climaxing the program will be a big memorial service in Municipal Auditorium at 3 p.m. Sunday, in which churches of all faiths are cooperating. One of the features of this program will be the giant choir, of more than 1,000 voices, in front of a giant altar, to be erected on the auditorium stage. The Camp Rucker band will play. Mayor Cooper Green will welcome the entire audience for the occasion.

Addresses then will be made by Maj. Gen. Roy H. Parker, chief of chaplains, U. S. Army, and Secretary of the Navy Dan A. Kimball. Secretary Kimball will be introduced by U. S. Sen. John J. Sparkman, of Huntsville.

Another highlight of the memorial service—dedicated to America's dead of all wars—will be the introduction of 24 veterans of the Korean fighting.

These veterans, heroes of the Korean war, will be representatives of the 19 United Nations, which are opposing aggression in that struggle now.

F H A Week Is November 4-10

Governor Gordon Persons has issued a proclamation making the week of November 4-10 Future Homemakers of America Week in Alabama. The proclamation reads as follows:

"Whereas, the Alabama Association, Future Homemakers of America, is a youth organization for pupils studying home economics in high schools of Alabama; and

"Whereas, the Future Homemakers of America, is sponsored

by the Alabama Public Schools and the U. S. Office of Education; and

"Whereas, there are more than 18,000 girls enrolled in home economics classes in Alabama; and

"Whereas, the high school girls are learning to be homemakers and better citizens of their community, State and Nation; and

"Whereas, the success of the home determines the success of our State and Nation: Therefore, I, Gordon Persons, Governor of Alabama, join with other governors in the United States of America, and proclaim the week of November 4-10, 1951, as Future Homemakers of America Week in Alabama."

Game Postponed To November 23

The Montevallo-West Blocton football game which was scheduled to be played here last Friday night was postponed, due to weather, and will be played on the local field at 7:30 p.m. Friday, November 23.

NUMBER 4

Governor Persons Urges Support Of Bond Issue

Montgomery, Nov. 8—Gov. Persons emphasized today that passage of the \$25,000,000 road bond issue on December 11 would insure that Alabama's present method of financing farm-to-market roads would remain undisturbed.

"Better roads of all types, safer roads, and even more roads may be obtained without a single penny of additional taxes," Governor Persons said.

While the farm-to-market road program is not affected directly by the \$25,000,000 bond issue, it could be affected indirectly should the bonds not be issued, as the Legislature might find it necessary to divert farm-to-market road funds to prevent the loss of Federal funds already allocated to Alabama. Farm-to-market road money currently comes from a separate gasoline tax.

By Alabama law, the state sets aside some \$6,000,000 annually from the gasoline tax for farm-to-market road work, and this is matched with \$6,000,000 from counties. To this \$12,000,000 a year is added supplemental federal aid funds in the amount of some \$2,500,000, which brings the annual total on this type of construction to \$14,500,000, according to the State Highway Department.

Passage of the \$25,000,000 bond issue, which is Amendment No. 1, will furnish another \$6,000,000 for the farm-to-market phase of Alabama's road construction program.

Governor Persons stressed that a superior Alabama road system will open new avenues of progress. "Farm-to-market activity will be made easier and more profitable. All types of commerce will flow more easily. Tourists in greater numbers will be attracted to the state," he said.

Persons said the \$25,000,000 in federal funds in Washington was actually the state's money, but that matching cash must be put up by the state.

The total of \$50,000,000 would be used: \$34,000,000 to primary roads and bridges; \$6,000,000 to secondary state highways or farm-to-market roads; \$10,000,000 to highways through towns and cities.

"Automobiles in Alabama are increasing in number at the rate of some 50,000 a year," he said.

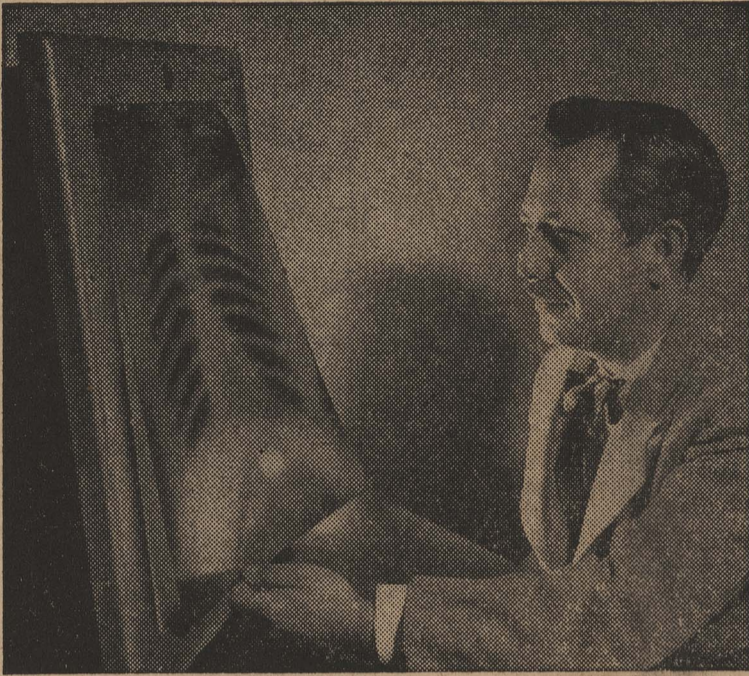

Stating that highway accidents in 1950 claimed more American lives than the Korean war, Persons said experts agreed that wider and improved highways and roads would aid materially in cutting down on Alabama's terrific toll of traffic accidents.

Department of Public Safety records showed 99 people killed in 4,329 accidents reported by the Highway Patrol in the period, January 1 to September 30, 1950. For the same nine month period this year, there have been 136 deaths, in 5,072 listed accidents.

Brother and Mrs. Joe Anglin had as their guests last week-end, Mr. and Mrs. Mack Taylor and Ned, Mrs. Gene Lowery, Mr. and Mrs. C. E. Broyles, Barbara and Clifford, all of Huntsville.

Montgomery — Shelby County with two cases, was one of the 51 Alabama counties from which tuberculosis cases were reported in September. The announcement was made today by the State Department of Health.

This Negative Could Be Positive

Tuberculosis is a stealthy disease that seldom shows any signs in the early stages when it is easiest to cure. That is why it is so important for adults to get a chest X-ray at least once a year, as advocated by the voluntary tuberculosis associations, because early TB can be detected by means of an X-ray. And TB is easiest to cure when found early. Case finding, health education, rehabilitation, and research are part of the TB control program of the voluntary associations supported solely through the annual sale of Christmas Seals.

Christmas Seals Will Come To You In The Next Week

Santa Claus is coming to Shelby County.

His chubby face and twinkling smile will cover the county on thousands of little Christmas Seals to be received in hundreds of homes here next Monday.

One of the world's most fitting symbols of unselfish giving, the Santa Claus on your 1951 Christmas Seals will carry a message about the gravest health problem facing Alabama citizens today, declared Richard J. Ozley, county chairman of the Seal sale.

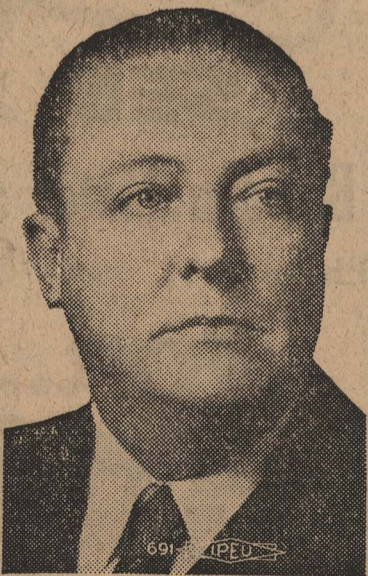

"Tuberculosis is Alabama's foremost health problem because every person we allow to die of the disease loses his life needlessly and every living victim of T. B. is spreading his germs daily. Christmas Seals have been fighting this menace more than 45 years, and

every year we get a step nearer to control of T. B. because of the generous support of the people in this annual campaign," the chairman said.

The Christmas Seal sale has been described as the "pure essence of voluntary giving" by campaign leaders. They point out that receiving seals in the mail gives the individual a chance to make his own decision in the quiet of his own home without the high pressure of personal contact. The seal sale is planned this way to reach a lot of average citizens for a small contribution instead of confining the opportunity to help to a few who can afford larger contributions.

"This is one drive in which we believe everybody wants to help, because every dollar contributed helps protect the homes of every citizen against a contagious, fast-spreading killer."

Watch for your Santa Claus Christmas Seals next week.

Congressman deGraffenried

Mr. deGraffenried was a visitor in Calera and the other communities of Shelby County this week. While Congress is in recess he is spending his time with the folks over the district. Wednesday night he spoke to the Civic Club at Alabaster.

Finance Campaign For Boy Scouts

From November 1 until December 15 the Black Warrior Council, Boy Scouts of America, will be operating a finance campaign in most every community in Marion, Winston, Walker, Tuscaloosa, Pickens, Shelby, Bibb, Greene, Hale and Marengo Counties. These campaigns are designed to raise \$34,000 as an operating budget for this organization during the coming year. At the present time the Council employs a Scout Executive, who works out of that same office and a Field Executive who lives in Jasper and has the prime responsibility of serving Marion, Winston, and Walker Counties. These men are available to institutions to assist in starting Scout Troops, Cub Packs and Explorer Posts for boys from the ages of 8 through 17. In addition during the summer months they operate camp where Scoutmasters may take their troops and thus have the benefit of professional supervision and help.

The Calera Civitan Club Is Pulling For New Industry

School Trustees Are Nominated

The P.T.A. held the regular monthly meeting Tuesday afternoon at the High School. Meeting opened with a covered dish supper being served at 6:30.

The following persons were nominated to be elected trustees for the Calera School: Pete Hill, Roy Downs, O'Neal Farris, Z. S. Cowart, Jr., Fred Sims, and Bonnie Denham.

The County Board of Education will select three to serve for the period of four years.

Mrs. Patterson McMahan, membership chairman, reports the P.T.A. now has a membership of 105, which is the largest membership ever here.

Etta B. Smith Conference O.E.S. met in Columbiana last Friday afternoon with Hexie Anna Chapter, of Vincent, being hostess. There were six chapters represented, Calera Chapter having the largest number present, was given the Etta B. Smith hammer for attendance.

Mrs. Ola Scott, of Tampa, Fla., visited Mr. and Mrs. D. L. Massey last Sunday.

The V. F. W. Is A Good Outfit

A called meeting of the Crawford-West V.F.W. Post 4921, has been set for Thursday, November 29, at 7:30 p.m., in the Calera Town Hall, the quartermaster announces. This meeting takes the place of the regularly scheduled for the 4th Thursday of each month.

A season of "Thanksgiving" gives us an opportunity to review the benefits of our service clubs of our community and the assets in belonging to them.

The importance of the Veterans of Foreign Wars to your family is demonstrated through community service activities and the special projects designed to assist members and their families.

Your children will benefit from the V. F. W. through recreational facilities and school activities which you, as a member, can help to promote in your community. Boy Scouts, Girl Scouts, and other youth organizations receive financial and moral support from the V. F. W.

Your wife will be invited to join the Ladies Auxiliary, which works shoulder to shoulder with the parent organization, concentrating its energies on the welfare phase of the V.F.W. program.

Membership in the Auxiliary gives your wife, mother, or sister the chance to mingle socially with a splendid group of patriotic women.

In addition to the above benefits, your wife and children will have the protection of the V.F.W. National Home, at Eaton Rapids, Michigan, in time of crisis. The V.F.W. National Home, founded in 1925, is giving the orphans of deceased veterans the chance to lead normal, happy lives—in a community of homes that is typically American.

Patriotic citizens know — The V.F.W. is a good outfit.

The Calera Civitan Club is moving steadily forward in its efforts to secure the location of industry in this community. The Industrial Development Committee is now working with and through the State Planning Board toward this objective.

The local committee is now compiling statistics concerning all phases of the community. These fact will be given to the State Planning Board and will be used in printing a booklet to be sent all over the country to industrial establishments that might be seeking location in this section of the country.

"We are going to sell Calera to some industry before we quit," declares Mr. Roy Downs, chairman of the industrial committee. Other members of the committee are: C. D. Cowart, R. E. Bowdon, Jr., S. M. Harvey, and W. N. Miner.

Sponsors Boy Scouts

The Civitan Club is sponsoring a Boy Scout troop here. The Scout master is Sgt. Jeffries and his assistant is Mr. J. C. Rowe. Let us urge our boys between 12 and 17 years of age to join the Scouts and have the advantage of this splendid youth training.

Toys For Christmas

Civitan is also sponsoring a movement for the collection of toys to be repaired and given away at Christmas time. If you have old toys that your children have outgrown, you may make some child happy by donating them to the Civitan program.

Mr. Marvin Smith, our school principal, will assign some boys to repair these toys. Leave them at Sunbrite Cleaners or Hokanson's Shoe Shop and they will see that they are delivered to the school for repairs and made ready for use in the Civitan Christmas Gift program.

Squirrel Supper

The Civitans were given a squirrel supper last Monday night at the Town Hall. Mr. W. H. Crawford, George Holcombe, Pete Hill and T. W. Lawrence were responsible for the squirrel. Mr. Marvin Smith, principal of the High School, made a wonderful talk, and from the applause given him, he was assured of full co-operation from the Civitans. There were 25 members and visitors present.

Calera Home Club Met Last Friday

The Calera Home Demonstration Club met last Friday afternoon in the Town Hall at 2 p.m. Mrs. W. W. Howell presided during the meeting. Mrs. W. W. Godfrey gave a demonstration on crystalizing fruits for the Christmas holidays. The election of officers for the next years work to be announced later. Lovely refreshments were served by the hostesses, Mrs. W. B. Blevins and Mrs. L. J. Stanberry.

Their many friends in Shelby County were pleased to hear the news Wednesday that Mr. and Mrs. Ham Wilson have a boy. This, the first heir to the fabulous Ham Wilson fortune, arrived at St. Margaret's Hospital Wednesday afternoon.

Amending Our State Constitution

(By Dr. Hallie Farmer)

Amending the Constitution of Alabama is a serious matter. Obviously the men who framed that document felt that it was serious for they were unwilling to trust amendments to anybody but the people themselves. The Legislature may begin the process by passing an act for Amendment, but, because it is a matter of major importance, the proposed amendment must be read three separate days in each House of the Legislature. There must be no stampeded action! When either House votes on an amendment to the Constitution, three-fifths of all members elected to that House must vote in favor of the amendment to secure its passage. For most bills a majority of those voting is sufficient.

The Governor may not veto an act of the Legislature proposing to amend the Constitution. Only the people may reject such a legislative proposal. This solemn duty they perform at elections held for the purpose of allowing them to pass judgment on all amendments proposed by the Legislature.

Every self respecting citizen wants to do a conscientious job when he is called on to vote. He knows that the Constitution is important. He knows that amend-

ments are important. He does not take his responsibilities lightly. Yet he finds himself constantly defeated in his efforts to pass an honest judgment on the matters he is asked to decide by his vote.

First of all, that he is asked to vote too often on amendments. The Constitution of Alabama has been amended 80 times since it was adopted in 1901. Alabama citizens voted on everyone of these amendments as well as many others which were rejected.

A good citizen may be forgiven for wondering if a document which has had to be patched 80 times does not need to be made over entirely. The number of amendments already added to the constitution constitutes the best argument of the people (and there are many of them) who think that Alabama needs a new Constitution. The 24 additional amendments which are to be voted on, December 11 only increase his convictions that something should be done.

Not only are Alabama's citizens asked to vote too often on Constitutional Amendments, but they are asked to vote on too many amendments. Consider the 24 amendments, which will confront the voters at the coming election. What chance has the most conscientious voter to really inform himself about them? Of course he has no chance. The newspapers do not even list them. More than one newspaper has said "There are seven amendments of state-wide importance. The rest are local in character." I have searched the papers rather carefully. I have not yet seen a complete list of the amendments to be voted on December 11. No wonder many people go fishing on election day, leaving the people who have a selfish interest in the amendments to put them over! No wonder that out of a sense of frustration, others vote against every amendment, or for every amendment, or play enie menie mine mo down the list voting for every other one without paying any attention to its content!

Something ought to be done about this business of amending the Constitution. An honest citizen ought to be able to do an honest job of expressing his opinion on the changes proposed to him. He cannot do it though. Not in Alabama. The cards are all stacked against him.

As true a definition as we have ever heard these days. "Dollar sign—a capital S that has been double-crossed."

Mink are abundant only in Russell and Washington counties, though they are common in 32 other counties.

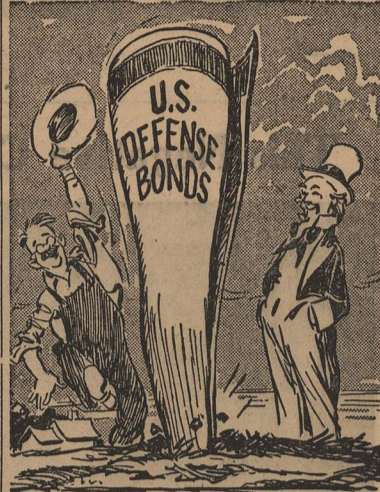

Only crumbled ruins mark the site of the once proud little settlement of Blakely, across the bay from Mobile. The village was incorporated in 1815, and the town had grown to 3,000 inhabitants a decade and a half later, in spite of being struck by a yellow fever epidemic in 1826. Two years after the epidemic, Blakely became a dangerous commercial rival of Mobile for a time, but a financial depression eventually drove the town's inhabitants across the bay, and Blakely was left a ghost town.

Calera Local News

(By Mrs. Marion Jones)

Mr. and Mrs. F. A. Blankenship and sons, of Camp Branch, visited his parents, Mr. and Mrs. N. K. Blankenship, last Sunday.

Mr. and Mrs. Bill Baxley, of Birmingham, and Mr. and Mrs. Howard Foshee, of Montgomery, were Sunday dinner guests of Mr. and Mrs. A. B. Baxley.

Mrs. Pete Barnette and son, Riekey, of Demopolis, spent last week with her parents, Mr. and Mrs. Clyde Lawrence.

Mr. and Mrs. J. L. Hill were in Birmingham, last Wednesday, on business.

Mr. Tullis Blankenship is now the new Birmingham News representative. He took over his new job last week.

Miss Lucy Norwood underwent an operation last Saturday in Birmingham at Hargis Clinic. She is being missed by her many friends and we all hope she will soon be able to come home.

Mr. L. E. Cline, chairman, announces there will be a singing, Sunday, at 1:30 p.m. in Pelham Methodist Church. Everyone is invited.

Mr. W. B. Watts, Jr. has accepted a new job with Republic Steel, in Birmingham.

Mr. and Mrs. Thurman Lowery and family, Mr. and Mrs. Raymond Lowery and family, both of Cullman, were guests of Mr. and Mrs. D. L. Roberts, Sunday.

Those attending the Masonic Conference in Wilsonville last Tuesday evening were: Fred Allen, Patterson McMahan, George Holcombe, and William C. Marx.

Mr. J. E. Ranes, of Winfield, has replaced Mr. John Deason here. He is hoping to secure a house so he can move his family here.

Mr. Julius Barrett has recently bought the house in which Mr. and Mrs. Ruffin Martin have been living, and expect to get moved in soon.

Mr. John Deason gives the report he is very happy over his new set up and they are both liking Jackson, Ala. very much.

Mr. Bill Cone and Mr. Fee Lyman, of Radford, Va., were visitors in town last Sunday.

Mr. and Mrs. Preston Cook and daughter, Joanne, of Birmingham, were the guests last Sunday of Mr. and Mrs. Howard Cook.

Mrs. Leondus Carter gave her daughter, Doris, a surprise birthday party last Saturday night. There were fifty three guests present and all had a wonderful time.

Marion Institute had eighteen Alabama cadets recently which have been promoted and assigned to new posts in the R.O.T.C. Bobby Bowdon being one of the boys promoted to cadet sergeant Battalion S-3. These promotions in R.O.T.C. and the Corps of Cadets are based on scholastic standing.

On The Farms Of Shelby County

R. J. Reynolds, Shelby, has made remarkable progress on the farm he bought from Miss Ercelle Jordan. In a few weeks he has planted about 30 acres in oats, Ky. 31 fescue, and clover. He has started clearing land for sericea, cleared many hedgerows, rearranged fences, built a small stock pond, and harvested his corn, dragging down the stalks to rot while providing ground protection this winter.

Mr. Reynolds and his neighbors, Mr. Douglas Whitten and Mr. Frank Jordan joined in a community effort in bringing in a bulldozer for the heavy work. Since it was possible for the three to furnish considerable work for the bulldozer, a cheaper price was possible. It cost the same (\$60.00) to transport the bulldozer from Birmingham for one or for three jobs.

If your heavy equipment needs are not enough to get a contractor at a reasonable price it is quite practical to see your neighbors and get assurance of several small jobs within two or three miles. Some small jobs cost more than they are worth when one job has to absorb the expense of moving the heavy equipment a long way.

We, in the interest of soil and water conservation, and fullest use of our farm land, will be glad to assist in organizing such a plan.

Rescue grass is well up at all locations, but will be best to observe a few weeks hence.

Make it a point to see a well managed fescue pasture. We saw Harry Dorrough's 5 acre planting near Wilsonville. It is a beautiful sight.

Congressman deGraffenried, of Washington, D. C., and Tuscaloosa, was a visitor in our town last week. He was visiting friends and greeting them with the usual hearty hand shake.

Mrs. Myrtle Wells, of Alabaster, wishes to announce she is with the Calera Dry Cleaners and will be happy to have her friends call by.

Shelby County Students At Alabama College

Forty-one Shelby County students are enjoying the new lake and swimming pool, and getting acquainted with faculty members and fellow students this Fall at Alabama College.

They were enrolled as the 56th academic year opened on the Montevallo campus. President John T. Caldwell is beginning his fifth year as president and the college turns with activity.

Attractive, new studios for the art department and a well equipped foods laboratory for home economics are being completed. The 26-acre lake, within a mile of the main campus, is a favorite place for boating and swimming.

For the first year, Alabama College now has a regulation-type pool to be used for classes, swim meets and exhibitions during the winter months. In spring and summer, one side of the pool building opens to a sundeck.

Fall recreation hours for both the faculty and students will be spent at the student camphouse and the new faculty club, both overlooking the college lake.

Station WRSD, with studios on the campus, has begun broadcasting to dormitories and class buildings. It is staffed entirely by radio students.

Shelby County students at Montevallo this Fall are: Mrs. Jessie

Mc Gaughy, Bobbie Gene Wilson, Betty Ann Smitherman, Mrs. Helen McBurnett, Carol Hurt, Tessie Higgins, Margaret Ann Hendrick, Barbara Jean Grady, Yvonne Adams, Barbara Joan Gates, Betty Jo Love, Mrs. Billie Jean Lee, Jean Brown, Mary Lee Garrett Brown, Julia Kennerly, Mrs. Vefa Jones, Patricia F. Wolly, Barbara Johnson, Annabeth Cash, Elizabeth Chism, Ollie Mae Davidson, all of Montevallo; DeLane Dement, Marvel; June Baker, Doris Jean Lucas, Sara Frances

Edwards, Eva June Baker, Barbara Baker, Dorothy McRae, Nettie Jane Ozley, Alice Elba Edwards, Mrs. Clyde Carden, Calera; Nellie Dean Ingram, Mary Willie Garrett, Catherine Garrett, Vincent; Ida Jo DeVaughn, Pelham; Grace Sims, Mrs. Melville M. Welfare Rolls To Be Made Public

Montgomery — State Welfare Commissioner Bill Dorrough said today that names of all who receive welfare checks in December will have their names made public in January.

Dorrough said that all persons on welfare rolls now may have their aid discontinued and their names removed, if they wish.

"Persons receiving aid who do not want their names made public may notify the county welfare department before December 10 to discontinue assistance," Dorrough said. "Their names can then be removed from the list, they will not get a December check, and their names will not be made public."

Dr. Dorrough explained that under the new law requiring that welfare lists be made public, the first payrolls to be open will be those for December, 1951. Consequently, he said, anyone who would rather not receive a check than to have his name made public, is free to ask the county department to remove him from the list before the December payrolls are made up.

"The law requires also that names not be used for commercial or political purposes," the commissioner added, "nor can they be published in any newspaper or magazine. This means the law limits the use of names on welfare rolls to purposes directly re-

lated to the administration of public assistance."

Furthermore, penalties up to \$1,000 fine and 60 days in jail are levied against persons who violate the above provisions, Dorrough said.

It was also emphasized that the

only way a person can keep his name from being made public is for him to ask for his aid to be discontinued and then to have his name taken off the payroll. No names of persons who receive December checks will be withheld, Dorrough said.

The Spirit of Progress Shines Brightly On Calera Streets And In the Hearts of Its People

New White-Way Lights Turned On With Big Party Wednesday Night

The Town of Calera put on a whopping big party Wednesday night for its citizens, friends and neighbors, celebrating the installation of its white-way lights on Main Street (Highway 31). The business section of town, with the new lights glowing in full blast, was filled with a carnival crowd of people whose hearts were in a happy mood with the spirit of friendliness and progress that has become the slogan of the whole town and community under the leadership of Mayor R. E. Bowdon, Jr., and the members of the Town Council, together with the hustling group of go-getters in the Calera Civitan Club.

The program started at 7:00 o'clock with a performance in front of the Calera High School by the Montevallo High School Band. Mayor R. E. Bowdon, Jr., threw the switch that turned on the white-way lights.

There are 12 lights of 25 lumens each, Westinghouse mercury vapor type, 100 feet apart, extending from the Southern Railway crossing of Highway 31, south past the high school campus. Installation of the lighting system was made by Alabama Power Company for the Town of Calera.

Following the outdoor ceremony the scene of activity was moved to the stage of the Calera High School auditorium with Mayor R. E. Bowdon, Jr., as master of ceremonies.

Review of Progress

In his address of welcome and a brief review of the progress of Calera in recent years, Mayor Bowdon said:

"Speaking in behalf of the Town Council and the citizens of Calera, I say we are indeed glad to welcome you to our town and to this glorious event. We wish to express our deep appreciation to Mr. Victor Young and the Montevallo High School Band for coming and playing for us. Also we recognize the splendid job done by Sgt. Jeffries and Warren Findley in the use of the loud-speaker in advertising this occasion throughout this area.

"In turning on our white-way lights tonight, Calera is moving forward to a brighter future. Now we shall let our lights shine."

Continuing, Mayor Bowdon said: "This occasion is certainly a happy one for me. Calera is really on the go. I would like to review some of the accomplishments Calera has made in the last two and a half years.

"We have placed 12 trash baskets on the streets in the business section, and we keep our streets cleaned regularly. We have installed the traffic lights which you see on our Main Street as silent guardians of the safety of motorists and pedestrians. Our town lake has been stocked with fish.

"Two and a half miles of new streets have been opened, making available many desirable new homesites.

Gas System

"Our municipal gas system has been installed to serve our homes, places of business, and adequate for future industrial development.

"We are proud of our new Town Hall with its well-equipped kitchen and facilities to make it serviceable as a community center.

"Other things which we are proud to have accomplished are: Purchase of a diesel road patrol for keeping up our streets; about 7,700 feet of additional street paving; expansion of our water system; improved drainage; an additional night policeman and patrolling of the town; the housing project now in process of accomplishment; obtaining a National Guard Unit; our white-way lights; addition of more street lights in the residential section; purchase of our new fire truck."

Other Speakers

Mayor Bowdon called on Mr. M. S. McGehee, local manager of the Alabama Power Company, who introduced Mr. D. D. Windell, a representative of the Alabama Power Company from the Birmingham office. Mr. Windell reviewed briefly the community service program of the power company.

Among the guests was Mayor Jap Bryant, of Bessemer. Mayor Bryant responded to a request for a short speech in which he expressed his continued interest in the progress of his neighboring towns and communities.

Congressman Speaks

The main speaker of the occasion, Congressman Ed deGraffenried, was introduced by Mr. Roy Downs, president of the Central State Bank of Calera. Mr. deGraffenried heartily congratulated the people of Calera community on their progress of recent years. He reviewed the national and international scene from his standpoint of our representative in Congress and urged that the country keep faith in the integrity and purposes of our government.

At the conclusion of the address of Congressman deGraffenried Mayor Bowdon concluded the meeting with some remarks of appreciation for the fine co-operation of the members of the Town Council for the past two and a half years. He made commendable reference to the service of Mr. W. B. Blevins as Town Clerk for the past 23 years.

Parade

After the program at the high school a parade was formed to go to the new Town Hall. It was led by the Montevallo High School Band, followed by the Calera National Guard Unit with its ser-

vice truck, the new Calera fire truck and volunteer fire department, and a long string of automobiles.

Open house was in readiness at the new Town Hall with refreshments served by the ladies of the Calera Home Demonstration Club. The events of the evening were concluded with a street dance at the Standard Station across the road from the high school.

Mayor Bowdon had letters from Mayor Cooper Green, of Birmingham and Commissioners Bull Conner and Jimmie Morgan, expressing their regrets for being unable to attend. They conveyed best wishes for the continued progress of Calera. "We are happy to note that the lights of progress have been turned on at Calera," they said.

The New Fire Truck

All eyes were turned to the handsome new Dodge fire truck of Calera as it took its place in the parade. It is fully equipped with the latest fire fighting gadgets, and brings great peace of mind to our citizens to know they have fire protection. C. D. Cowart is chief in command of the town's volunteer fire department.

CRIPPLED CHILDREN

On November 9, the Shelby County Crippled Children and Adult Society met in the home of Mrs. Handy Ellis. Mr. W. W. Elliott is the newly elected chairman and Mr. Roy Downs is treasurer. There were representatives from several parts of the county. Mr. Roy Downs has served as chairman for five years and has done a wonderful job. We know Mr. Elliott will carry the good work on.

Curtiss Reynolds Hurricane Hunter With The Navy

Serving with Patrol Squadron 23, the Navy's famed Hurricane Hunters, based at the Naval Air Station, Miami, Fla., is Curtiss C. Reynolds, aviation chief machinist's mate, U.S.N., son of Mr. and Mrs. Thomas J. Reynolds, of Montevallo, and husband of Mrs. Ivyanne I. Reynolds, of 1001 Wilmington St., Opa Locka, Fla.

In addition to its regular duties of hurricane hunting, the squadron is participating in Atlantic Fleet Exercise 52, the first full scale Atlantic Fleet exercise in the past 18 months.

The squadron's long-range aircraft will provide air coverage and anti-submarine protection for surface units in a mock invasion of Vieques Island, east of Puerto Rico, and an all-out amphibious assault of a North Carolina beach-head.

When the fleet exercise ends early this month, VP-23 will return to its full time weather duties.

METHODIST WOMEN MEET

Methodist W.S.C.S. held an open meeting last Monday afternoon in the basement of the church, for all the ladies of the church. Mrs. Fred Sims, president, was in charge of the meeting. Mrs. R. H. Parker visited the meeting. Mrs. Parker having been an old member, enjoyed seeing her friends. Refreshments were served to the members and visitors.

The first fire call turned in Saturday, after getting the new fire truck, was the home of Mrs. Loretta Brooks. We should be very proud of the new truck which we were much in need of.

Thanks to all who took part in making the chicken supper last Friday such a big success.

C. M. Stuckey, forest ranger for Shelby County, announces a field demonstration on planting pine seedlings for December 12 at the farm of L. F. Rochester, two miles east of Montevallo on Calera road. One thousand pines will be set with a machine which was secured by W. L. Christain, formerly with First National Bank at Columbiana. The machine is available for public use. Hand plantings will also be made and various questions concerning forestry will be discussed and answered. Seventy F.F.A. members and other students of Montevallo schools will observe the planting machine in operation. Bill Byrd, conservation forester with Gulf States Paper Corp., Tuscaloosa, and Phillip Kipp, district forester, Birmingham, will also be with the group to discuss questions and points of interest about forestry and forest products.

The public is invited to attend the field demonstration which begins at 9 o'clock and lasts until 12 o'clock. Should weather conditions be unfavorable, the demonstrations will be held one week later, December 19. Preceding the demonstration day Mr. Stuckey will work with Montevallo F.F.A. boys and other students explaining phases of the forestry program and some educational films will be shown at school.

The adult evening class continues to meet each evening from 7 to 8 p.m. at the vocational agriculture building. Thirty-six members enrolled and problems dealing with increased egg production, increased fruit and vegetable production and the establishment of a curb market have been the main topics. Frank McDonald, senior in agricultural education, from Auburn, discussed with the group, broiler production, last Tuesday evening. He stated that Mr. Putman, just north from Montevallo, had made a profit of \$2000 during the last five months raising broilers. Earl Anderson, just east from Montevallo, is realizing a profit of \$5.90 per day from his flock of laying hens.

Mr. McDonald pointed out the various factors influencing the profits from broilers and in his statements he pointed that it was possible to realize considerable profit when certain factors are brought under control. Present indications are that the demand will continue heavy for broilers and with the application of scientific knowledge and procedures producers should have a reasonable degree of chances for profit.

* * *

The adult class being held at Calera under direction of M. Thornton, vocational agriculture teacher, met Tuesday afternoon and \$33 was invested by the members in beginning a landscaping development of the Town Hall. Ben Peete, former Montevallo agriculture student and now in the nursery business, supplied the shrubs for the plantings. Ben will also do a complete landscaping job on the home grounds for Roy Downs of Calera.

V. F. W. MEETING

The public is cordially invited to attend an open meeting on Thursday, November 29 at Town Hall, 7:30 p.m. Speakers from Birmingham will be here to help re-organize the unit of V.F.W. It is especially important that all members and their families be present. Coffee to be served.

Dogwood School Observed American Education Week

Children of the Dogwood school observed American Education Week, November 11-17, by having a special program each day of the week. The fifth and sixth grades chose for their theme "Schools Keep Us Free". The third and fourth grades worked up a program on the topic "Our Faith In God". The first and second grade theme was "Home, School and Community". Parents were invited to visit the school during the week and quite a few mothers came for "Open House" on Thursday, November 15.

The patrons of the school met last Tuesday night for the purpose of nominating trustees. The following were nominated: Grady Bunn, J. D. Hughes, W. E. Kirkpatrick, Frank Oglesby, J. H. Reach, and J. A. Snow. At the conclusion of the business meeting Mr. Kirkpatrick spoke to the group on the importance of keeping children in school.

Dogwood school is very proud of the attendance record made this year. For the month of September, Dogwood had the highest percentage of attendance of all Shelby County schools.

The Dogwood P.T.A. is very active and helps in many ways to improve the school. This organization sponsored a Halloween party that was enjoyed by children and grown people as well. President of the P.T.A. is Mrs. Bill Langston. Meetings are held twice a month, one a business meeting and one for a program and social.

For the first time in many years Dogwood school has a 4-H Club. The children are very interested and many have already chosen projects to work on. The officers of the club are: President, Bobby Snow; vice-president, Johnny Green; secretary, Betty Joyce Alexander; recreation leader, Kenneth Lawley; song leaders, Norma Beam, and Gordon Hughes.

All grades are working on a Thanksgiving program which is to be given Wednesday afternoon before the Thanksgiving holidays.

Life was a whole lot simpler in the good old pre-machanical age, when a man obtained a washing machine, an iron unit and a lie detector by marrying.

The No. 1 Hooper rated radio show in Russia features Joe Stalin in a program called "Me, the People".

Chaplain Joe W. Young Is Speaker At Meeting of VFW Post Thursday Night

A meeting of the Crawford-West V.F.W. Post 4921 is set for Thursday, November 29, at 7:30 p.m. in the Town Hall. Mr. Joe W. Young, Chaplain Dept. of Alabama V.F.W., from Birmingham, will be our speaker and plans to install officers for the coming year. Plans are being made for refreshments to be served by hostess for the ladies that will be present.

Veteran's Benefits

The veteran benefit program, applicable to millions of veterans, including such fundamental benefits as employment preference, hospitalization and medical treatment, compensation for service-connected disabilities, death compensation for widows, orphans and dependent parents, pensions for veterans and dependents, vocational rehabilitation and educational aid, and home and business loans, did not just happen. These benefits for veterans were authorized as the results of persistent and consistent representations to the Congress of the United States by the Veterans of Foreign Wars and other nationally recognized veterans organizations. It can be said, without fear of successful contradiction, that if it were not for organized veteranism, such as the Veterans of Foreign Wars, these benefits would not be on the Federal statute books today and if veterans organizations were to disband and cease their efforts, such benefits would disappear within a few years.

Legislative Service

The Veterans of Foreign Wars provides, among other services, a full-time National Legislative service permanently located in Washington, D. C., to safeguard existing veteran benefits and to present to the Congress the requirements for new and amending legislation as determined by the needs of veterans under changing conditions and times. It is through the National Legislative Service that the needs of veterans, as developed in thousands of communities throughout the United States, are presented to the Congress, the White House and appropriate Federal officials and agencies. Every veteran in the United States benefits either directly or indirectly by reason of the service rendered by the National Legislative Service of the V.F.W.

Rehabilitation

The V.F.W. also maintains a National Rehabilitation Service with headquarters in Washington, D. C., and with service officers in every Veterans Administration regional facility in the United States, supplemented by thousands of post service officers on the community level. The Rehabilitation Service provided skillful assistance to veterans in helping them to obtain the benefits to which they are eligible and the service is available to all veterans without charge.

It is a well established and proven fact that a veteran benefit program applicable to 19 million is of little value to an individual veteran unless, first, he is informed as to what benefits are available; second, he knows what benefits he may be eligible for; and third, he has competent and skillful assistance in the preparation and filing of his claim for any of said benefits. The National Rehabilitation Service provides these

James W. Burgess Died Last Thursday

Funeral services were held Friday, November 23, for James W. Burgess, age 74, who died at his home following a long illness.

Services were conducted at the Calera Methodist Church with the Rev. George E. Pharr and Rev. Azra Allred officiating. Burial was in the Salem Cemetery.

He is survived by the widow, Mrs. Eddie Burgess, one son, Johnny Burgess, Detroit, Michigan; one daughter, Mrs. Jimmie Nail, Calera; one sister, Mrs. Charles Blake, Montgomery; and one grandchild, Phil Nail, Calera.

Miss Elna Childress Weds Mr. Tice

Miss Elna Childress, of Wilmington, Del. and Fredrick E. Tice of Lincroft, N. J., were married, Saturday November 17, in Wilmington, Del.

Rev F. Raymond Baker officiated.

The bride is the daughter of Mrs. Mary Childress, of Calera. Mr. Tice is the son of Mr. and Mrs. Grant Tice, of Bethlehem, Pa.

Three attendants preceded the bride to the altar: Mrs. E. M. Mahla, matron of honor, and Misses Mary Ann Pardee and Jean Bowker were bridesmaids.

Mr. Roy Childress, of Brunswick, Ga., gave his sister in marriage. Mr. E. M. Mahla was best man, and John Morgan, of Holmdel, N. J., and Robert Tice, of Berwyn, Pa., ushered.

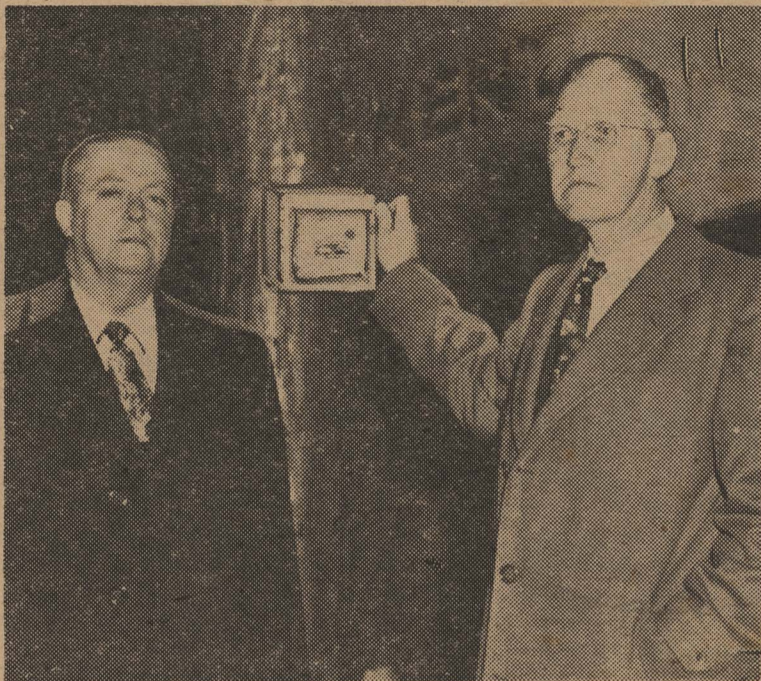

A reception at the home of Mr. and Mrs. E. M. Mahla followed the wedding.

Following the reception, Mr. and Mrs. Tice left for a wedding trip to Niagara Falls. The couple will reside in Lincroft, N. J.

Reminder

Please, to everyone who has old discarded toys either bring them to Sunbrite Cleaners or Hokanson's Shoe Shop. They will be repaired by students in the High School and will be distributed at Christmas.

Miss Maxine Findley, of Birmingham, was the week-end guest of Mr. and Mrs. Dean Holcombe.

three essentials to individual veterans; namely, providing information as to whether he would be eligible for any of the said benefits, and acting as representative, without charge, in the preparation and filing of a claim and, if necessary, to follow up the claim before rating boards and to handle appeals on regional and national levels.

V.F.W. Recognized

The Veterans of Foreign Wars is recognized, by responsible and unbiased officials and organizations, as being outstanding in preserving and strengthening the veteran benefit program in the Congress of the United States and in providing competent and skillful assistance in helping veterans to obtain the benefits for which they are eligible. Over a period of years the National Rehabilitation Service of the V.F.W. has topped all other organizations in the number of claims handled for veterans and the amount of money recovered for veterans as a result of said claims.

Dependent on Membership

The National Legislative Service and the National Rehabilitation Service of the Veterans of Foreign Wars is maintained and supported from annual membership dues and the annual sale of Buddy Poppies. The capacity to serve and measure of success of these two V.F.W. services are dependent upon membership and activity of membership. If the membership is small and apathetic, this will be reflected in the capacity of National Legislative and National Rehabilitation Service to serve the veterans of our nation. A large and ever-increasing membership will be reflected in a larger, stronger, and more effective service rendered to veterans. Every eligible veteran, whether he now needs or may never need a benefit or benefits, should belong to the Veterans of Foreign Wars and through a modest payment of annual dues help to preserve and strengthen these services which are so essential to less fortunate veterans. A well-known Governor of a Southern state once said in addressing a V.F.W. encampment that, "A big membership provides a loud voice."

Community Service Organization

The following are some suggested community service projects for our post to take up:

Blood bank, campaign for or donate needed hospital facilities and equipment for our community, campaign for and promote adequate equipment for our Fire Department, promote a community day nursery, promote safety campaigns in our local schools and community, promote recreational facilities for the youth and old of our town, organize adult and youth baseball, softball and bowling leagues, promote patriotic programs promote youth nights in our clubs, give V.F.W. citizenship metal plaques or special certificate to our outstanding citizen of the year in our community, promote the collecting, repairing, or renovating and distribution of clothes and toys for the sick, indigent and needy.

Christmas Seals Have Been Sent By Chairman Ozley

Did that perky little Santa Claus with the mischievous smile come into your home this week? Did you receive an envelope containing Christmas Seals—and on each Seal the face of Santa grinning his message about tuberculosis to you—grinning because he feels confident you want to help?

This is the question being asked citizens throughout Shelby County today, a question being asked by Richard J. Ozley, chairman of the tuberculosis work and Seal sale here.

Persons who did not receive Seals are asked to contact the chairman who hastens to announce every request will be filled promptly. Mr. Ozley pointed out efforts are made to send Christmas Seals to all homes, but in the rush of compiling lists it's possible many homes were overlooked. These are the people he hopes will come forward with a request for as many Seals as they can use.

At the same time the chairman stressed using Seals on all holiday

mail and packages. Every tiny Seal used is a blow against tuberculosis, a disease that kills more Alabama citizens than all other contagious diseases combined.

Whether you can afford to buy a few Seals or a lot of them, every one you stick on a Christmas card or package reminds someone T.B. is lurking all around us. The tiny symbol reminds people to guard against this killer by getting a chest X-ray and urging their family and friends to do likewise.

An important feature of the Seal sale is 79 cents out of every dollar stays right in this county to help hospitalize and treat T.B. patients, as well as to promote case finding programs and to aid health education activities. Six per cent supports research programs of the National Tuberculosis Association, and 15 per cent supports the Alabama T.B. Association—making a total of 94 per cent remaining in Alabama to fight T.B. right at home.

Buy your Christmas Seals today, the chairman urged.

Morgan Co. Wants Amendment No. 10

Morgan County citizens, interested in the education of their children, are asking the voters throughout the state to make it possible for them to build much need school buildings.

The passage of proposed Constitutional Amendment No. 10, on December 11, will give Morgan Countians the opportunity desired. If the amendment passes, the people of Morgan will then have the privilege of calling an election to levy a special 7½ mills ad valorem tax upon themselves for schools.

The amendment does not affect any other county except Morgan County.

Between 1820 and 1840 education of girls was given much attention by leading citizens who founded female academies out of their own funds. Towns, churches, and fraternal groups organized colleges and academies for girls. The Alabama Female Institute of Tuscaloosa expressed its purpose in the motto, "Our girls may be as corner stones, polished after the similitude of a palace." The Centenary Institute at Summerfield claimed that "To educate women is to refine the world."

Dr. Sloan Explains How TB Victims Are Provided Care In Shelby County

Prior to the Autumn of last year Shelby County had a formidable Tuberculosis problem. More and more cases were being found, many of these medically indigent, and no funds were available to care for them.

These medically indigent patients were not necessarily improvident. They may have had a comfortable living and enough money laid away to tide them over any ordinary misfortune.

When a chronic illness, as Tuberculosis, strikes the family expenses are necessarily increased to such an extent that their surplus is often soon dissipated. If, as not infrequently happens, the breadwinner of the family is stricken, the situation is a tragic one.

Being aware of the extent and urgency of the Tuberculosis problem, two County organizations combined forces, a year ago, to help their unfortunate fellow man and to aid in the eventual eradication of this great scourge.

The Shelby County Tuberculosis Association and the Shelby County Board of Revenue and Control set aside a fund to pay for sanatorium care for these indigent patients. Only with this help could many patients receive the benefits of sanatorium care, which is so essential to the welfare of the patient and of the family.

On Thanksgiving Day the 14th patient was admitted to the sanatorium under this program for this year.

The fund is administered by the County Health Officer and patients who are financially able to pay their expenses are required to do so.

Drugs have been bought for 3 patients treated by their family physician, and necessary supplies to prevent the spread of tuberculosis have been furnished a large number of patients.

Since the funds of your County Tuberculosis Association are obtained solely by the sale of Christmas seals, you can contribute substantially to this most worthy and essential work by buying liberally of Christmas seals.

No one is safe from Tuberculosis until it has been completely eradicated, and your help is urgently needed.

Remember, it can happen to you.

RECIPE OF THE WEEK
BY MARY LEE TAYLOR

Fudge
Broadcast: December 1, 1951

- Mix well in saucepan.....
 - 6 tablespoons cocoa
 - 1 1/2 cups sugar
 - 1 1/2 tablespoons corn syrup
 - 9 tablespoons Pet Milk
 - 3 tablespoons water
- Cook over low heat, stirring until sugar dissolves. Boil slowly, stirring often until candy forms a soft ball when a tiny bit is dropped into cold water. Cool at room temperature, without stirring, until lukewarm, or until hand can be held comfortably on bottom of pan.
- Add, then beat until candy holds its shape.....
 - few grains salt
 - 3/4 teaspoon vanilla
- Pour into greased pan about 9x5 inches.
- Press into top of fudge at 1 1/2 dozen shelled nuts,* once.....
 - (not salted)
- When firm, cut into eighteen 1 1/2-inch squares. Makes 1 1/3 pounds.

*Pecans, walnuts, filberts or almonds can be used.
